

HP C2921A Paper Feeder

Double the Input Capability of the HP LaserJet III Si Printer

Here is an affordable and time-saving high-capacity paper feeder for the HP LaserJet III Si printer.

The HP paper feeder increases the printer's input paper capabilities substantially. It holds 1,500 sheets of paper and fits into the lower paper tray slot of the HP LaserJet III Si printer, giving the printer a maximum input capability of 2,000 sheets of paper—adequate to keep many workgroups printing all day. This means less time is wasted refilling or swapping paper trays.

The HP paper feeder offers more than time-savings. Because it functions with the upper paper tray in place, the paper feeder can be filled with plain paper for frequent printings, while the top tray is reserved for more specialized paper. This can be useful in producing reports or presentations—printed double-sided if necessary, since the paper feeder accommodates the printer's duplex option.

The paper feeder is designed to match the printer in color and design, enhancing the overall appearance of any workplace.

HP LaserJet III Si printer users will find this complementary product ideal for network-printing and shared-printing environments, as well as high-volume printing.

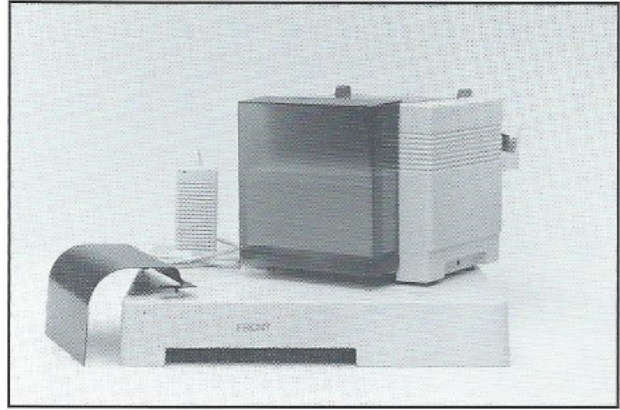

Features and Benefits

- **Extremely reliable.** The HP paper feeder was designed specifically for the LaserJet III Si printer.
- **Holds 1,500 sheets of paper,** increasing the printer's input capacity to 2,000 sheets.
- **Fits into the printer's lower tray slot,** freeing the upper tray for specialized printings.
- **Very easy to install** and operates with no software interface.

Technical Specifications

Model:	HP C2921A paper feeder
Paper capacity:	1,500 sheets (with 20 lb. paper)
Paper weight:	16, 20 and 24 lb., no cotton content
Paper size:	8.5" x 11" (U.S. letter)
Operating temperature:	+10° C to +32° C (+50° F to +90° F)
Operating humidity:	20% to 80% relative, non-condensing
Power:	120 VAC, 60Hz
Power adapter:	24 VDC, 1.25 A
Physical dimensions:	11" (28cm) high 12" (30.5cm) wide 11" (28 cm) deep (with unit installed in printer) 13 lbs. (5.9kg) weight
Product certifications:	UL, CSA approved
Product maintenance:	After every 200,000 sheets

Comes with power adapter, duplex paper guide, and pedestal.
