

HP OmniGo 100

Organizer Plus

The power of organization.

The HP OmniGo 100 is the perfect organizer for business and finance professionals. It's loaded with personal information management features, like an electronic notepad to make and store notes, a phonebook to store contact numbers, and a database to organize and keep your data. There's even a multi-view calendar to track your appointments. What's more, Solitaire comes built-in for fun on the road. The OmniGo 100 also includes the Geoworks Book Reader™, so you can read electronic content right on screen. Since it features the GEOS™ operating system, an easy-to-use graphical environment, you

can expand your OmniGo 100 with additional applications and services.

It's flexible, so it suits any workstyle.

The Omnigo 100 adapts to different workstyles. Different preferences. You can use a pen or the keyboard to enter data. Plus, the screen can be viewed in both landscape and portrait modes. To make the OmniGo 100 even more convenient, the keyboard can be folded behind the screen.

It includes built-in financial functions, spreadsheet and an emulated HP 12C calculator. You can use all of these functions plus more, such as loan payments, cash flow, business percentage, compound interest, conversions, statistics, solver and function plotting.

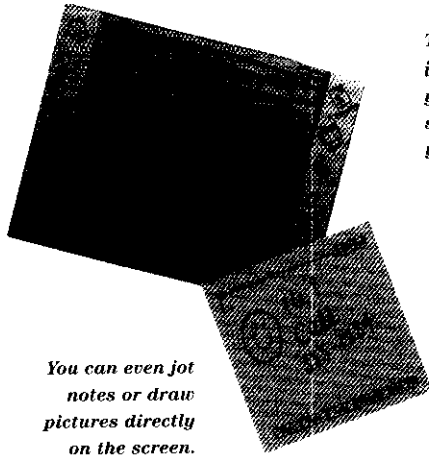

HP OmniGo 100 Key Features

- View the screen in different orientations, or flip the keyboard behind the screen—it adapts to any workstyle!
- Move Jotter pages to an application in which you want notes.
- Jot notes, draw pictures, and make maps directly on the screen.
- Enter data easily by pen or keyboard. The Graffiti™ handwriting recognition system is easy to learn and use.
- Drag and drop appointments and to-do items. Rearranging your schedule is a breeze.
- Calculate with advanced financial functions and the built-in, emulated HP 12C financial calculator.
- Create sophisticated spreadsheets.
- Expand by adding SRAM cards for additional storage. Connect to PCs, printers and more with optional HP and third party accessories, software and services.

You can use a pen or the keyboard to enter data. The screen can be viewed in both landscape and portrait modes.

You can even jot notes or draw pictures directly on the screen.

The HP OmniGo 100 includes everything you need to track your schedule and manage your finances.
