HEWLETT PACKARD
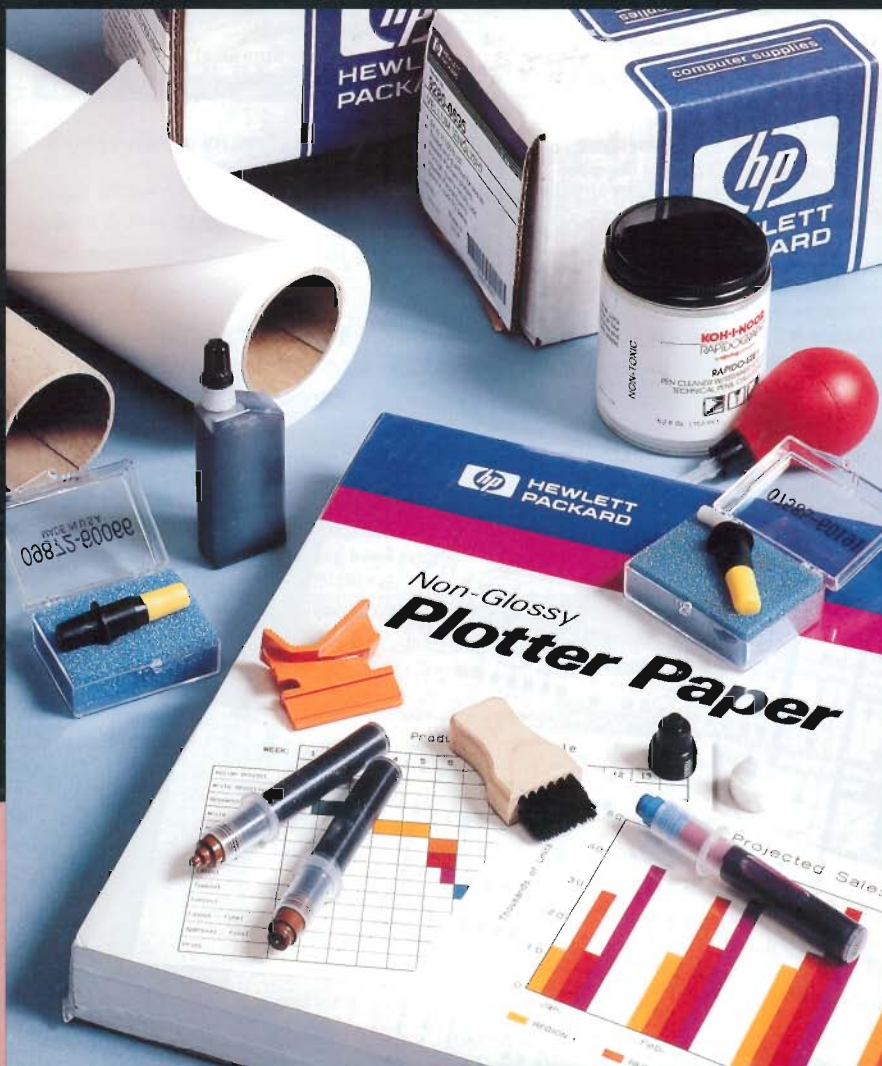

Supplies Source

**Your Guide to Pen, Inkjet, and Electrostatic Plotter Supplies**

Compatibility—a perfect fit between HP supplies, HP peripherals, and your needs

Choose reliable Hewlett-Packard supplies for a perfect fit. They're created to be compatible. Made to bring out the best in your HP plotter—made to meet your need for quality graphic output.

Use *Supplies Source* as your ordering guide for supplies for our complete family of pen, mono-chrome inkjet, and electrostatic plotters. *Supplies Source* is an easier way—a better way—to find and order exactly what you need.

Combinations that work—for the work you do

Different technologies—different applications—different needs. Take the guesswork out of your output. Use the matrix below to find the combinations that work best for the work you do.

Pen and Inkjet Plotters							Electrostatic Plotters		
Applications	**Media**	**Pens/Cartridges**					**Application**	**Media**	**Toner**
		Fiber-tip pens	Roller-ball pens	Disposable drafting pens	Refillable drafting pens	Print cartridges

HP PLOTTER MEDIA

### HP plotter supplies for quality and reliability

In this section you'll find media, pens, and accessories made especially for HP plotters. Whatever your application—design, analysis, documentation or presentation you can depend on these HP supplies like you depend on your HP plotter. Supplies and plotters made for each other. Made to meet your needs. That's a better way.

For best results:

- *Handle media by edges only. Oil from fingers can keep ink from adhering.*

- *To stabilize media and avoid plot distortions due to changes in temperature and humidity, remove media from the package and place near plotter 15 minutes before plotting.*

- *Use media with square corners so pinch wheels can grip and move plotting medium correctly.*
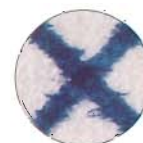

Media	Size	HP Part No	Quantity	Description
HP Plotter Paper				
Metric Sizes Weight: 90 g/m^2	A4	17802P	50 sheets	Quality paper reasonably priced. Smooth surface minimizes skipping, bleeding, and feathering. Ideal for everyday use. HP DesignJet compatible.
	A4	17803P	250 sheets	
	A3	17806P	50 sheets	
	A3	17807P	250 sheets

	E	C2825A	150 sheets	
HP Transparency Film				
For outstanding overheads. 3-mil film backed with paper for protection during plotting. Projects brilliant colors for effective presentations. Dries quickly. HP storage sleeves now available. HP pen plotters only.				
Metric Sizes	A4	17701T	50 sheets	For HP ColorPro
	A4	17703T	50 sheets	All other HP pen plotters
Transparency Storage Sleeves	A	17710A	50 sleeves	For all HP pen plotters

HP Plotter Paper

Ordinary Copy Paper

5

* D-size architectural media not recommended on HP DraftPro with some software packages that do scaling.

** HP extra translucent bond rolls are not recommended for use at high or low extremes of temperature and humidity.

Note: For ANSI media sizes and part numbers, see the U.S. version of Supplies Source: p/n 5091-3485EUS.

HP PLOTTER PENS

It's important to choose the right pen

It's easy, too. Just check the matrix below. Always use the HP pens recommended for your plotter. You know they'll be compatible because they were made for each other. Made to make your output—and you—look great.

And always use the recommended pen speed and force to maximize pen life and line quality.

Pen Compatibility Guide

HP ROLLER-BALL PENS

Now improved for faster, smoother plotting

- Faster plotting speed—up to 110 cm/s
- New nib design prevents mid-life skipping
- New technology means total ink supply can be used for longer useful pen life
- Easy to use
- Uniform line widths

6

Narrow Line Width (0.30 mm)		
Colors	Single Color Package of 4 Pens HP Part No	Multicolor Package of 4 Pens (one of each color) HP Part No
Black	5061-5033	
Red	5061-5034	5061-5037
Green	5061-5035	
Blue	5061-5036	

Adding color adds so much to reports and transparencies

- Our primary, cool, and warm multicolor packages make color coordination easy
- Fiber-tip paper pens match fiber-tip transparency pens so you can duplicate overheads on paper, color for color

Paper pens

- *Use with plotter paper (non-glossy) for report plots*
- *Use glossy plotter paper for impressive presentation quality*
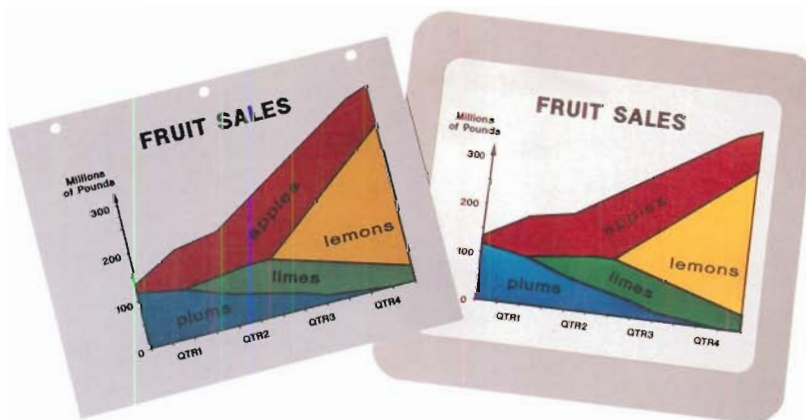

Transparency pens

- *Use with transparency film for brilliant overhead projection*
- *Use with glossy plotter paper for top-quality presentation graphics*

Precise, versatile, and long-wearing—the quality choice

- Ideal for intricate, precise drawings
- Adaptable for special drafting applications
- Reusable tungsten carbide points wear longer
- Available in six standard line widths, from ultra-fine to ultra-broad

Short-Body Pens (for the HP 7475)	
2 Pen Bodies, Adapters, and Caps per Package	**HP Part No**
Use these pen bodies with plotter points listed here	5061-8119

Tungsten Plotter Points (for short-body pens)		
Line Width	**Point Size**	**HP Part No**
Ultra-fine*	0.18 mm	9300-0955

HP PEN PLOTTER ACCESSORIES

Reliable HP accessories make pen plotting faster and easier

HP pen plotter accessories—from graphic organizers to carousel replacement boots—are designed to make your output better.

Choose media loading or catcher trays for added convenience. Pen organizers keep your pens neat; cleaning supplies keep them clean so they'll work longer and better. Depend on HP pen plotter accessories for quality and convenience.

GRAPHIC ORGANIZERS

Convenient plotter stand features a deep, roomy drawer with foam-lined compartments to hold all your plotter supplies. Smooth acrylic.

Plotter	H	W	D	HP Part No
HP ColorPro Organizer	95 mm (3.75 in)	476 mm (18.75 in)	349 mm (13.75 in)	92177W

* Kits include media loading tray, media catcher tray, and 50 sheets of plotter paper.

HP INKJET PLOTTER SUPPLIES

HP DESIGNJET PLOTTER SUPPLIES

Reliable HP supplies for reliable inkjet plotting

Fine lines and clear text are the result of using HP media and ink cartridges with the HP DesignJet plotter. While the HP DesignJet plotter works with most commonly available media, you'll be assured of getting the crisp lines and solid, high-contrast blacks you need when you use HP media. For polyester film users, be sure to use the specially formulated HP polyester film for inkjet plotters.

HP 4-MIL SINGLE-MATTE POLYESTER FILM

• Not for use with pen plotters. Plotter pens not compatible with this HP polyester film.

Our highest quality media for your highest quality output

- Specially designed for use with HP DesignJet and inkjet cartridges
- Dimensionally stable
- Plots with distinct continuous lines and virtually no beading, bleeding, or feathering
- Superior for archival storage
- Highly translucent for diazo reproductions
- Will not crack, peel, or fade with normal use

Description	HP Part No	Quantity
Roll, 36 in × 125 ft (91.4 cm × 45.7 m)	51637E	One roll

HP DESIGNJET PLOTTER PRINT CARTRIDGES

For sharp lines, clean plots

- Easy to load
- Designed for long use
- Same as HP DeskJet cartridges

12
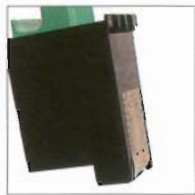

Description	HP Part No	Quantity
Black print cartridge	51608A	One cartridge
Double capacity print cartridge	51626A	One cartridge

HP DesignJet plotter requires two cartridges.

HP HANDHELD CUTTER

For trimming new rolls of media

- Includes 36 snap-off blades

Description	HP Part No	Quantity
Handheld Cutter	17291C	One cutter

HP ELECTROSTATIC MEDIA

HP supplies are the quality choice for high-productivity electrostatic plotting

Your output needs have grown. So has the complexity of your plots. That's why you've chosen a high-productivity HP 7600 Series electrostatic plotter.

Now choose the quality supplies that will give you the best these high-performance plotters have to offer. HP electrostatic media, toner, and accessories represent a complete supplies system, specially designed to be compatible with all our HP 7600 Series electrostatic models. Specially designed to meet your high-productivity needs.

Choose the right media for your needs

All HP electrostatic media is carefully monitored during production to ensure smoothness, conductivity, and uniformity of coating, so you get quality output every time. And our electrostatic media is specially packaged to protect it from environmental changes that could affect conductivity and dimensional stability.

Use the table at right to select the HP electrostatic media size that's right for your plotter.

Electrostatic Model No	Roll Width	Paper Roll Length	Film Roll Length
240D, 250	609 mm (24 in)	152.4 m (500 ft)	61 m (200 ft)
240E, 255, 355	914 mm (36 in)	152.4 m (500 ft)	61 m (200 ft)

Media	Width	Weight	HP Part No	Description
HP Report Grade Paper				
	609 mm (24 in)	75 g/m² (20 lb)	17265R	Affordably priced paper for everyday use. Opaque paper for check plots or working copy, best suited for line drawings.
	914 mm (36 in)	75 g/m² (20 lb)	17266R	
HP Premium Grade Paper				
	609 mm (24 in)	85 g/m² (22.5 lb)	17275P	The media choice for superior line quality and solid area fill. Good choice for preliminary or final drawings. Excellent as high-contrast master for reproduction. Produces dense, dark output.
	914 mm (36 in)	85 g/m² (22.5 lb)	17276P	
HP Translucent Paper				
	609 mm (24 in)	85 g/m² (22.5 lb)	17267T	Diazo reproducible media affordable enough for daily use. Suitable for diazo reproductions and overlays. Economical alternative to vellum for day-to-day work.
	914 mm (36 in)	85 g/m² (22.5 lb)	17268T	
HP Vellum Paper				
	609 mm (24 in)	75 g/m² (20 lb)	17269V	Versatile vellum—for final plots, overlays, and diazo reproductions. Durable cotton rag media suitable for archival drawings. Accepts pencil annotation; erases completely.
	914 mm (36 in)	75 g/m² (20 lb)	17270V	
HP Polyester Films				
Clear film	609 mm (24 in)		17273F	Sturdy, stable film for monochrome or color plotting. Dimensionally stable media perfect for final quality drawings, archival drawings, and diazo reproductions. Sturdy 4-mil media.
	914 mm (36 in)		17284F	
Matte film	609 mm (24 in)		17271F	
	914 mm (36 in)		17283F

HP ELECTROSTATIC TONER PRODUCTS

HP toners and clear dispersant bring out the best in electrostatic plotter output

Our liquid electrostatic toners are specially formulated to give you clear, sharp, smudge-resistant plots, whether your output is monochromatic or color. And HP toners are compatible with all HP 7600 Series media—report or premium grade paper, translucent paper, vellum, and clear or matte polyester film.

Replacing toner is clean and simple. This pre-mixed liquid requires no pouring. Just load the spill-resistant toner bottle into your HP 7600 Series electrostatic plotter. Each disposable toner bottle doubles as a reservoir.

For optimum plotting performance, use your HP toner within six months of purchase.

Use HP clear dispersant periodically to flush toner system and keep your plots sharp and clear.

Note: Toner is a petroleum distilate (UN #1993) and requires special disposal methods. A copy of the Material Safety Data Sheet is included with all toner and dispersant orders.

HP ELECTROSTATIC TONER

Monochrome or vibrant color—HP electrostatic toners give you quality plots every time

- Crisp, clear, smudge-resistant plots
- Toners work with all media
- Pre-mixed—no mixing or pouring necessary
- Toner available in cyan, yellow, magenta and black

Helps keep your electrostatic plotter clean—your output clear and sharp

- Flush toner system every few months to maintain output quality
- Clear dispersant is 100 percent isoparaffinic hydrocarbon for maximum cleaning ability
- Packaged in spill-resistant bottle

HP Part No	17279D

HP MAINTENANCE SUPPLIES

Convenient supplies make maintenance easy

Our writing head polish is easy to apply, so the entire polishing procedure takes only a few minutes. This low-abrasion polish won't scratch the writing head—you get a smooth, polished surface for first-rate image quality.

HP dry cleaning wipes are sturdy, lint-free and non-abrasive. Our premoistened wipes in foil packets are the convenient way to clean the writing head. Use gloves to protect hands when changing toner or using cleaning products.

Description	HP Part No
Writing head polish 300 ml (10 oz)	17290P
Dry clean wipes 100/package	92193W
Premoistened cleaning wipes 80/package	92193N
Cleaning gloves 25/package	92193G

TAKE-UP REEL SPINDLE

Additional take-up reel spindles make it convenient to store and save plots. Just attach media to spindle—drawings will be neatly rolled for storage as they plot.

Description	HP Part No
609 mm (24 in)	C1621-60005
914 mm (36 in)	C1622-60001

MEDIA CUTTERS

Use our *handheld media cutting knife* for removing plots from all HP 7600 Series electrostatic plotters. Includes 36 snap-off blades. *Manual media cutter* replacement blades fit the cutter attached to HP's Model 250, 255, and 355 electrostatic plotters.

Description	HP Part No
Handheld media cutting knife	17291C
Manual media cutter blades	07596-60008 5/package

HOW TO ORDER

You're a VIP to HP!

As our valued customer, it's our business to make sure you're satisfied. That's why all Hewlett-Packard plotter supplies are warranted against defects in materials and workmanship for 90 days from the date of shipment. HP will replace any item that proves to be defective.

Understandably, this warranty does not apply to damage resulting from misuse. Also, HP cannot be liable for any special, incidental, or consequential damage.
