

Push your LaserJet
printer to the limit.

An abstract collage of various printer accessories and documents. It includes a coiled brown power cord, a red and black data cable, a black printer cartridge, a printed document with a signature, and a circuit board. The background is a mix of dark purple, black, and teal, with a yellow and white striped area on the left.

**Hewlett-Packard
LaserJet Printer
Accessories.**

Summer 1991

Customize your HP LaserJet printer with HP supplies and accessories, and discover how much more it can do.

Welcome to the HP LaserJet printer supplies and accessories catalog, where you'll find many ways to add value and new capabilities to your printer investment. Here's a sample of what's new in this issue:

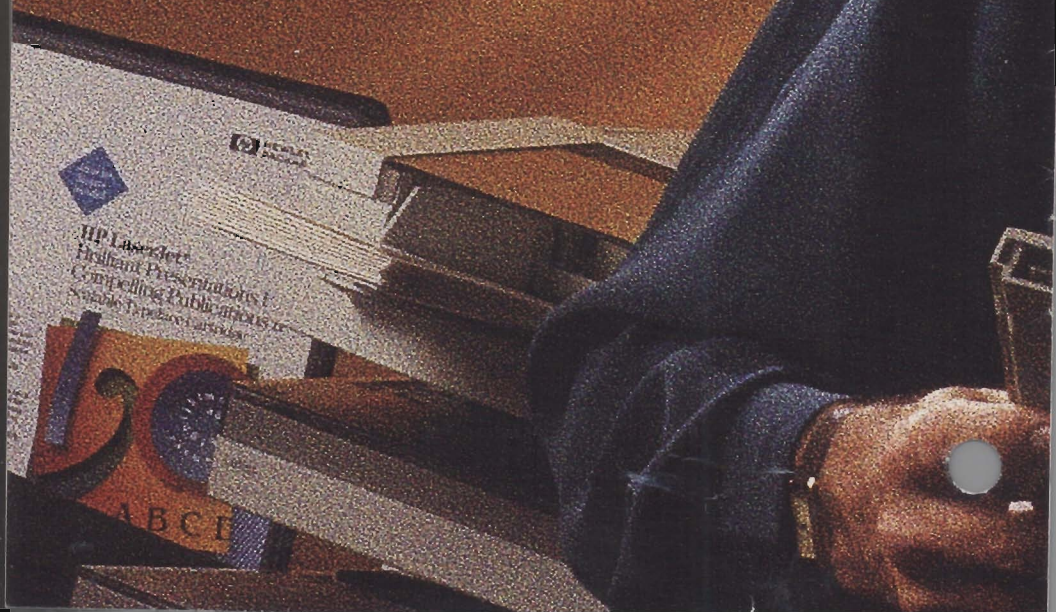

- For the new HP LaserJet III^{Si} printer, HP offers microfine toner, SIMM memory, duplex printing, high-volume envelope feeder and more.
- The new HP LaserJet IIIP printer offers a full complement of accessories, from toner to trays to language cartridges to scalable typefaces.
- To laser print using dot-matrix-based applications, the Epson[®] FX/IBM[®] Proprietary emulation cartridge is now compatible with HP LaserJet IID, IIP, III, IIID and IIIP printers.

There's much more inside, so enjoy the possibilities—

A man in a dark suit is seen from the back, looking at a printed document. The document has the title "The Business of Computing" and some smaller text below it. In the background, a man in a white shirt and tie is leaning over a desk, and a woman in a blue blazer is standing next to him, holding a folder. They are in an office setting with wood-paneled walls and a patterned carpet.

**"I never realized HP
toner could make me look
this good."**

HP LaserJet consumables let you give the same attention to detail in printing your ideas as you do in developing them. With the HP LaserJet Toner Imaging System you can count on solid blacks and sharply legible text, even when printing the smallest characters. HP's labels and transparencies are designed especially for HP printers to print detailed data without streaking or fading.

*Wherever people use HP supplies,
they discover how much more
their HP LaserJet printers can do.*

HP LaserJet Toner Imaging System: the inside story on great output.

When you install an HP toner cartridge, you refresh your entire imaging system with precision components.

The process begins with an electrostatic charge.

The *primary corona wire* negatively charges the photosensitive drum surface to prepare it for the laser-scanned image. So even your smallest characters print clearly. For the HP LaserJet IIP, IIIP and IIISi printers, this charge is applied by a *charging roller*.

A laser beam writes an electrostatic image of the page.

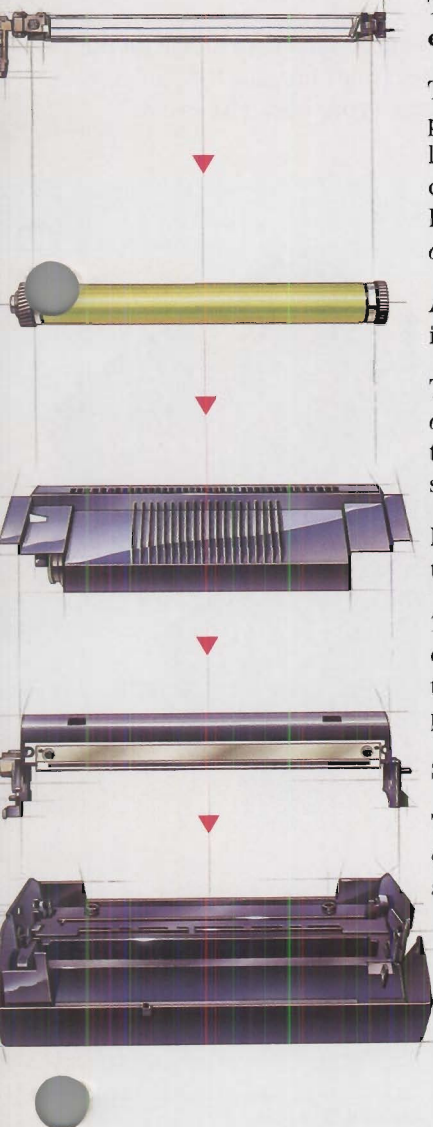

The laser beam scans over the *photosensitive drum surface*, creating an electrostatic image of the printed page. A new drum keeps characters sharply defined, and leaves white space spotless.

High-quality HP toner prints thousands of crisp pages.

Toner flows from its reservoir to the laser-exposed image areas of the drum. Exacting HP toner specifications ensure extremely accurate printing, from tiny footnotes to complex graphics.

Starts clean. Prints clean. Stays clean.

The *cleaner blade* prepares the drum for the next cycle, so no residual toner adheres to the drum to affect subsequent pages.

How HP makes it easy to look your best.

HP toner cartridges are precisely engineered to give you the best print quality from your HP LaserJet printer, and to keep it operating at peak performance. They're fully backed by HP's reputation for customer satisfaction and service.

Every document you print puts your image on the line. The HP LaserJet Toner Imaging System ensures that you'll always make your best impression.

Product no.	Description
-------------	-------------

92275A	HP toner cartridge for HP LaserJet IIP and IIIP printers. Black print.

92285A	HP toner cartridge for HP LaserJet, HP LaserJet PLUS, HP LaserJet 500 PLUS printers. Black print.
--------	---

92295A	HP toner cartridge for HP LaserJet Series II, IID, III and IIID printers. Black print.
--------	--

92291A	HP toner cartridge with microfine toner for HP LaserJet IIISi printers. Black print.
--------	--

Hewlett-Packard cannot be responsible for substandard print quality obtained from other brands of toner cartridges or from used cartridges that have been refilled or remanufactured.

One-step transparency printing.

Print overhead transparencies directly onto transparency film—without time-consuming intermediate steps. Output is ready for overhead projection in seconds. Your transparencies have rich, dark blacks and clean, streakless whites — just the image you want to project. All without a trip to the copier. Available in 50-sheet boxes.

Product no.	Description
92296T	Overhead transparency film, U.S. letter size.

Laser labels. Laser easy. Laser perfect.

HP label sheets speed the job of creating labels, while assuring consistent, quality output. Labeling was never easier—for envelopes, diskettes, packages, file folders, or anything that needs organizing. Output is crisp and dark and survives the rigors of shipping and handling. Use with all HP LaserJet and DeskJet printers.

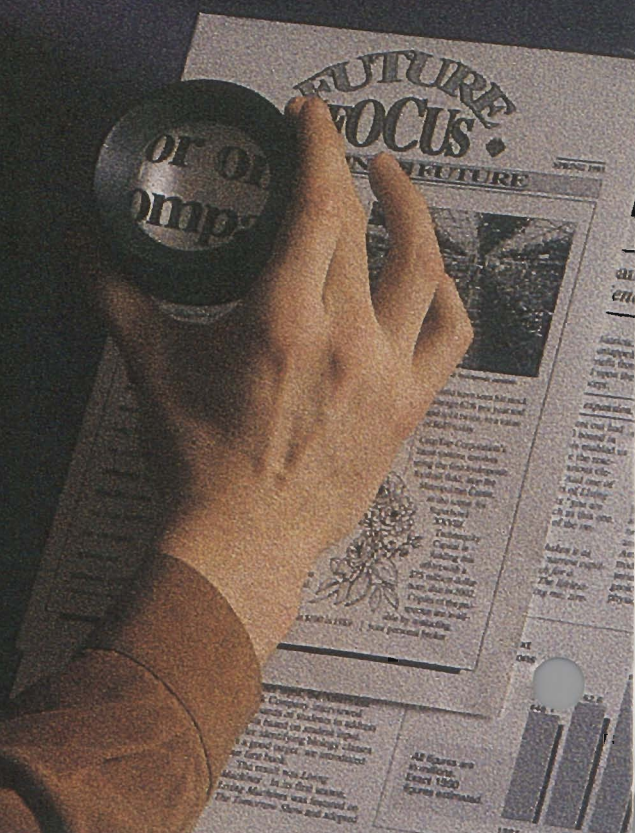

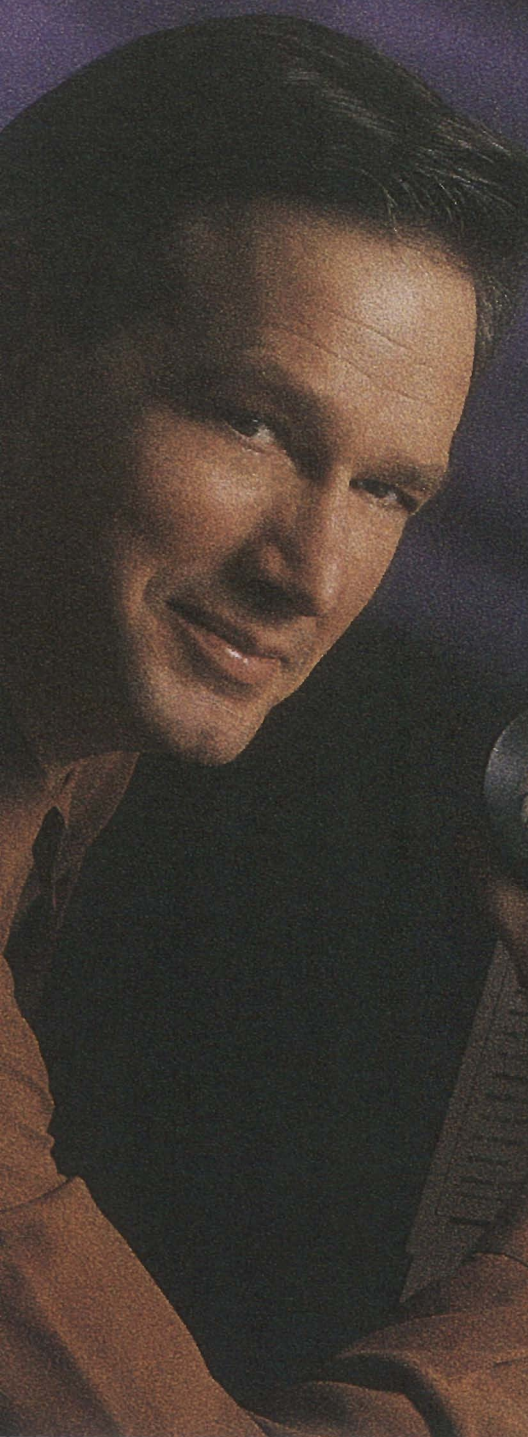

Product no.	Label description	Height	Width	No. per page
92296A	Addressing	1"	2 5/8"	30
92296B	Addressing	1 1/3"	4"	14

* Each box of labels contains 100 8 1/2 x 11-inch sheets, except for 92296H and 92296J, which contain 75 sheets.

**"I never realized my
WordPerfect® documents
could look this perfect."**

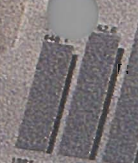

The HP WordPerfect Scalable typeface collection gives you the variety you need to communicate your ideas exactly the way you intended. With 26 popular typefaces, all hand-picked by HP and WordPerfect to look great together in WordPerfect and other word processing documents. Available in cartridge or disk formats.

*Wherever people use HP accessories,
they discover how much more their
HP LaserJet printers can do.*

HP LaserJet printers are the most reliable in the industry. In the first survey, 92% of the respondents said they would buy an HP LaserJet printer again.

All figures are based on a survey of 1,000 people conducted by the HP LaserJet printer.

Type: power and personality.

The HP MasterType library is HP's extensive collection of Intellifont® scalable typefaces and bitmapped fonts, available on cartridges or disks.

- *Intellifont scalable typefaces* can be shrunk or enlarged to let you print at any size you choose. Check them out if you're interested in applications ranging from word processing to desktop publishing.
- *Bitmapped fonts* come in popular pre-set sizes, and are great for office or specialized applications: correspondence, proposals, spreadsheets, bar codes, forms, tax, foreign correspondence, math and scientific documents.
- *Cartridges* let you access type instantly: just plug them into the printer. The memory you need is built into the cartridge, so there's no effect on PC memory.
- *Disks* are ideal for customizing your type library with just the right typefaces for any document. Store typefaces on your PC hard disk for easy access.

Typography terms to help you find exactly the right face.

Orientation: the direction of the type across the page. Portrait fonts print vertical documents. Landscape fonts print horizontal documents, such as spreadsheets and organizational charts.

Pitch: the number of characters printed per horizontal inch in a fixed-pitch font.

Fixed Pitch
(Same spacing for all
characters)

Proportional Pitch
(Spacing varies with each
character)

Point size: the height of the characters including ascenders and descenders.

Ee	Ee	Ee	Ee	Ee	Ee
(6 pt.)	(8 pt.)	(12 pt.)	(18 pt.)	(24 pt.)	(30 pt.)

Screen fonts: fonts on your computer screen that match those in your document. You can create them on the fly by using Intellifont®-for-Windows® 3.0. Or use HP's Type Director to create screen fonts for other applications.

Symbol set: specific alphabetic characters, numerals, punctuation and special symbols in a font.

Treatment: variations of a typeface design, such as medium, **bold**, *italic* or **bold italic**.

Typeface design: the particular design or style of the characters and symbols, such as Univers or CG Times.

Scalable typeface cartridge collections. Go tiny. Go huge. Go any size you need.

HP scalable cartridge collections let you create great-looking documents in the sizes and treatments you want. Most typeface families come in regular, **bold**, *italic* and **bold italic**. Cartridge collections include up to 26 typefaces and come with either 3 1/2-in. or 5 1/4-in. disks to let you create screen fonts. Use Intellifont-for-Windows 3.0 to create screen fonts in Windows applications. For other applications you can create screen fonts with the Type Director® font management program—(see pages 16-17 for details). Scalable cartridges can be used only with the HP LaserJet III, IIID, IIIP and IIISi printers.

WordPerfect Scalable Typeface Cartridge Collection

C2050D #C80
(3 1/2-in. disks)

C2050D #C90
(5 1/4-in. disks)

Your WordPerfect and other word processing documents will look their best when you use this 26-typeface collection.

Albertus†, CG Century Schoolbook, *Dom Casual**, Futura Book II, ITC Galliard Roman, **Microstyle Bold***, CG Palacio, *Park Avenue**, Univers Medium Condensed, *ITC Zapf Chancery Medium Italic**.

† Albertus is available in two typeface treatments only: regular and extra bold.

* Available only in the typeface treatment shown here.

Distinctive Documents I Compelling Publications I Scalable Typeface Cartridge Collection

C2050B #C80
(3 1/2-in. disks)

C2050B #C90
(3 1/4-in. disks)

Add variety and a distinctive touch to your business documents with this single-cartridge collection of practical typefaces. Includes all scalable typefaces from HP Distinctive Documents I and HP Compelling Publications I scalable typeface disk collections, plus a novelty typeface.

Antique Olive, CG Century Schoolbook, CG Palacio, ITC Souvenir Light, Stymie Medium, Univers Medium Condensed, & * ① □ (ITC Zapf Dingbats).

Brilliant Presentations I Compelling Publications II Scalable Typeface Cartridge Collection

C2050C #C80
(3 1/2-in. disks)

C2050C #C90
(5 1/4-in. disks)

Add the power of persuasion to the look of all your business documents with these attention-commanding typefaces. This single cartridge includes all typefaces from HP's popular Brilliant Presentations I and HP Compelling Publications II scalable typeface disk collections, plus two novelty typefaces.

ITC Benguiat Book, CG Bodoni Book, ITC Bookman Light, **Cooper Black***, Garamond Antiqua, CG Omega, **Revue Light***, Shannon Book.

* Available only in the typeface treatment shown here.

Scalable typefaces on disk. Self-expression made easy.

Customize your library with Intellifont scalable typefaces on disk. Use disk collections with all HP LaserJet printers except the HP 2686A to build an economical collection of scalable typefaces. If your printer is from the HP LaserJet III printer family, use Intellifont-for-Windows 3.0 to install and scale type and create screen fonts. For other applications, you can do the same job with the Type Director font management program; see pages 16-17 for details.

WordPerfect Scalable Typeface Disk Collection

C2050A #D85
(3 1/2-in. disks)

C2050A #D86
(5 1/4-in. disks)

Your WordPerfect and other word processing documents will look their best when you use this 26-typeface collection.

Albertus[†], CG Century Schoolbook, *Dom Casual*^{*}, Futura Book II, ITC Galliard Roman, **Microstyle Bold**^{*}, CG Palacio, *Park Avenue*^{*}, Univers Medium Condensed, *ITC Zapf Chancery Medium Italic*^{*}.

[†] Albertus is available in two typeface treatments only: regular and extra bold.

^{*} Available only in the typeface treatment shown here.

Distinctive Documents I Scalable Typeface Disk Collection

C2050A #D80
(3 1/2 and 5 1/4-in. disks)

Practical business typefaces for correspondence, proposals, catalogs, manuals, reports and newsletters.

CG Century Schoolbook, ITC Souvenir Light, Univers Medium Condensed.

**Compelling
Publications I
Scalable Typeface
Disk Collection**

C2050A #D81
(3 1/2 and 5 1/4-in. disks)

If you want to expand your businesslike typefaces beyond what you get in Distinctive Documents I, use this collection for printing and desktop publishing newsletters, direct mail, flyers and bulletins.

Antique Olive, CG Palacio, Stymie Medium.

**Brilliant
Presentations I
Scalable Typeface
Disk Collection**

C2050A #D82
(3 1/2 and 5 1/4-in. disks)

The right blend of splash and practicality to help sell your ideas in proposals, slides, and other presentations and publications.

ITC Benguiat Book, ITC Bookman Light, Shannon Book.

Note: Typefaces are available in 4 treatments, medium, bold, italic and bold italic unless otherwise noted.

Compelling Publications II Scalable Typeface Disk Collection

C2050A #D83
(3 1/2 and 5 1/4-in. disks)

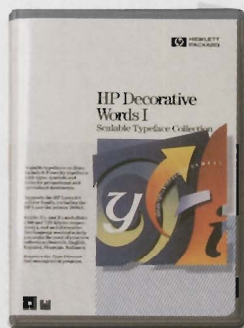

Want even more impact for your business documents than you'll get from Compelling Publications I? This collection adds zest to your reports, proposals, letters, memos, newsletters, flyers and more.

CG Bodoni Book, Garamond Antiqua, CG Omega.

Decorative Words I Scalable Typeface Disk Collection

C2050A #D84
(3 1/2 and 5 1/4-in. disks)

Want to shout from the rooftops? Want to stand out on any bulletin board or batch of incoming mail? How about the elegance of a formal invitation? Try these nine script and novelty typefaces. You're sure to get noticed.

*Brush**, **Cooper Black***, *Dom Casual**, *Park Avenue**, *Revue Light**, *Revue Shadow**, *Uncial**, *Univers**, *Roman**, ® ¢ ① □ (ITC Zapf Dingbats).

* Available only in the typeface treatment shown here.

Choose the exact typeface you want, to make your message stand out.

Versatility and self-expression meet in these scalable typefaces on disk that you can use for any kind of document your imagination can conceive. Each typeface package includes 3 1/2 and 5 1/4-in. disks.

For the HP LaserJet III printer family, use Intellifont-for-Windows 3.0 to install and scale these typefaces and create screen fonts. For other applications use Type Director. See pages 16-17 for details.

C2050A #D22 Antique Olive with *Italic*, **Bold**, **Compact**.

C2050A #D08 ITC Avant Garde Gothic Book with *Oblique*, **Bold**, **Bold Oblique**.

Scale your type to fit your format. Then see it on screen in the same size and font.

sCALE

From footnotes to headlines, Intellifont-for-Windows 3.0 or Type Director scales typefaces in the sizes you need.

Easily scale and install HP typefaces and create screen fonts—all with the HP Type Director font management software program. Type Director works with all HP LaserJet printers (except the 2686A), plus the HP DeskJet printer family and the HP PaintJet XL printer.

- Type Director lets you scale type from 4 to 200 points—or even from .25 to 999.75 points when you use a member of the HP LaserJet III printer family.
- With the right applications program, you can create screen fonts that match your printer fonts for graphical user interfaces, such as Windows 2.03, 2.3.0, HP NewWave and Ventura Publisher under GEM.
- Create abbreviated symbol sets, so large fonts will use less computer and printer memory. Type Director also shows you how much printer memory you'll need before you download fonts.

Start a low-cost scalable type library with Premier Collection.

Includes Type Director 2.0 plus 12 typefaces: CG Times, Univers Medium, *Brush**, *Dom Casual**, *Park Avenue**, and *Uncial**.

* Available only in the typeface treatment shown here.

Product no.	Description
C2052B #ABA	Premier Collection with Type Director 2.0 (3 1/2-in disks).
C2054B #ABA	Premier Collection with Type Director 2.0 (5 1/4-in disks).
C2057B #ABA	Type Director 2.0 Upgrade Kit. No typefaces (3 1/2-in disks).
C2058B #ABA	Type Director 2.0 Upgrade Kit. No typefaces (5 1/4-in disks).

Minimum system requirements: IBM XT, AT, PS/2 or compatibles; 640Kbytes RAM; MS-DOS 3.1 or later; 2 Mbytes available on hard disk. Major software support: Lotus Manuscript; Microsoft Windows 2.03, 2.1, 3.0 and supported applications; Microsoft Word 4.0, 5.0, 5.5; WordPerfect 5.0, 5.1; WordStar 5.5, 6.0; Xerox Ventura Publisher 2.0; and any software which reads HP LaserJet printer soft font files.

Make your type look as good on screen as it does in print. Free.

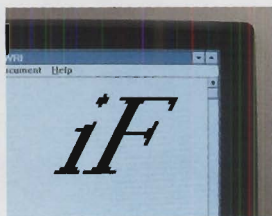

Now scaling type and creating screen fonts for cartridge- or disk-based typefaces is easier than ever. If you own an HP LaserJet III, IIID, IIIP, or IIISi printer, and Microsoft® Windows 3.0, you can use Intellifont-for-Windows 3.0. This PCL 5 screen/printer driver lets you create screen fonts, plus scale and install type.

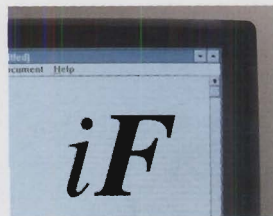

Everything happens on the fly—from within your Windows application. You don't consume valuable hard disk memory storing bitmapped screen fonts. Nor do you need Type Director.

And the text on screen matches that of the printed page—even down to the smooth letter edges. What you see is what you get, and now you get it all without spending a cent.

Intellifont-for-Windows 3.0 is yours *free*. To order your copy, call 1-303-353-7650 (U.S. and Canada only). Specify 3 1/2- or 5 1/4-in. disks.

Screen font without HP Intellifont-for-Windows 3.0.

Screen font after installing HP Intellifont-for-Windows 3.0.

Type scaling gets easier than ever, when your software includes HP's AutoFont Support.

AutoFont Support lets you scale type on the fly on your HP LaserJet III family printer, because it automatically integrates PCL 5-compatible typefaces into your application software. Without using Type Director or Intellifont-for-Windows 3.0. You'll find AutoFont support in such popular programs as WordStar® 5.5 and 6.0; WordPerfect 5.0 and 5.1; Microsoft® Word® 5.5. And more.

Bitmapped font cartridges. From basics to bar codes.

WordPerfect Font Cartridge

C2053A #C01

Look like a pro in WordPerfect® and other word processing applications with these proportional fonts.

DeskTop symbol set

Portrait*	Pitch	Point
CG Times	Prop	6, 8, 10, 12, 14
CG Times Bold	Prop	8, 10, 12, 14, 18, 24
<i>CG Times Italic</i>	Prop	8, 10, 12, 14
Univers	Prop	14, 18, 24

Note: not recommended for HP LaserJet III printers because these typefaces are resident in the printer.

Microsoft Font Cartridge

Bar codes, forms, taxes and more.

Bar Codes & More Font Cartridge

C2053A #C06

Create your own bar codes with 7 automatic identification fonts.

Bar Codes & More has it all, from ZIP bar codes to USPS bar codes. It can help you save on postage, to 3 of 9.

Roman-8 symbol set

Portrait & Landscape	Pitch	Point
Letter Gothic	16.66, 12, 10	9.5, 12, 14

OCR-A symbol set/OCR-B symbol set

Portrait	Pitch	Point
OCR-A / OCR-B	10	12

Line Draw symbol set

Portrait & Landscape	Pitch	Point
Line Draw	10	12

Code 3 of 9 symbol set

Portrait	Pitch	Point
Code 3 of 9	8.1, 4.6	12

UPC symbol set

Portrait	Pitch	Point
EAN/UPC 10mil (Medium)	Prop	12
EAN/UPC 13mil (Bold)	Prop	12

Zip Code symbol set

Portrait & Landscape	Pitch	Point
USPS Bar Code	Prop	12

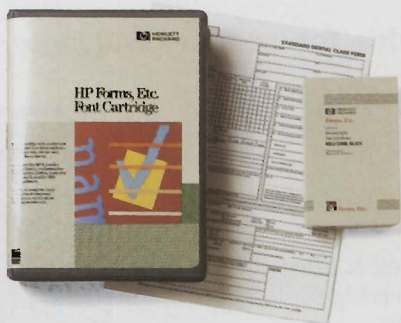

Note: Extensive testing has been done on these bar code and OCR fonts; however, HP cannot warrant that the bar codes and OCR characters are readable with *all* bar code or OCR reading devices.

Forms Etc. Font Cartridge

C2053A #C05

Easily and effectively design and update forms by teaming your forms software with HP's Forms Etc. font cartridge. Create boxes, borders, rows, columns with **Tax Line Draw**. Prepare forms for optical character recognition devices with **OCR-A** font.

Roman-8, PC-8, and PC-850 symbol sets

Portrait & Landscape	Pitch	Point
Univers	Prop	6, 8
Univers Bold	Prop	8, 10, 12, 14

Tax Line Draw symbol set

Portrait & Landscape	Pitch	Point
Tax Line Draw	10	12

Tax Number symbol set

Portrait & Landscape	Pitch	Point
Helvetica Cond. Black	Prop	24

OCR-A symbol set

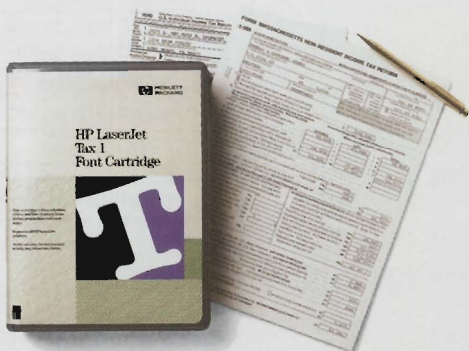

Portrait & Landscape	Pitch	Point
OCR-A	10	12

Tax 1 Font Cartridge

92286T

Readily design regulation U.S. tax forms with the cartridge specified by many tax preparation software packages. For all HP LaserJet printers.

ASCII symbol set

Portrait*	Pitch	Point
Helvetica	Prop	6, 8
Helvetica Bold	Prop	8, 10, 12, 14

Tax Line Draw symbol set

Portrait*	Pitch	Point
Tax Line Draw	10	12

* Landscape orientation available in HP LaserJet printer models which can automatically rotate fonts.

Fonts on floppies... for variety and larger sizes.

HP bitmapped fonts on floppy disks come in pre-set sizes in both portrait and landscape orientations, with larger sizes available. They are *not* scalable.

Presentation/Letter Gothic Font Disk

33412DA - 5 1/4-in. disk

Correspond in many Western European languages—and work with legal, math and line draw symbols. Includes Presentation fonts from 14- to title-sized 30-point, plus Letter Gothic fonts.

PRESENTATION BOLD, Letter Gothic Medium, **Letter Gothic Bold**, *Letter Gothic Italic*, Line Draw Medium, PC Line Medium, PC Line Bold.

Presentation/Letter Gothic Font Disk

33412DC - 5 1/4-in. disk

33413DC - 3 1/2-in. disk

Similar to 33412DA, but adds even larger 36- and 48-point Presentation fonts, symbols for IBM PC screen compatibility, and additional symbol sets.

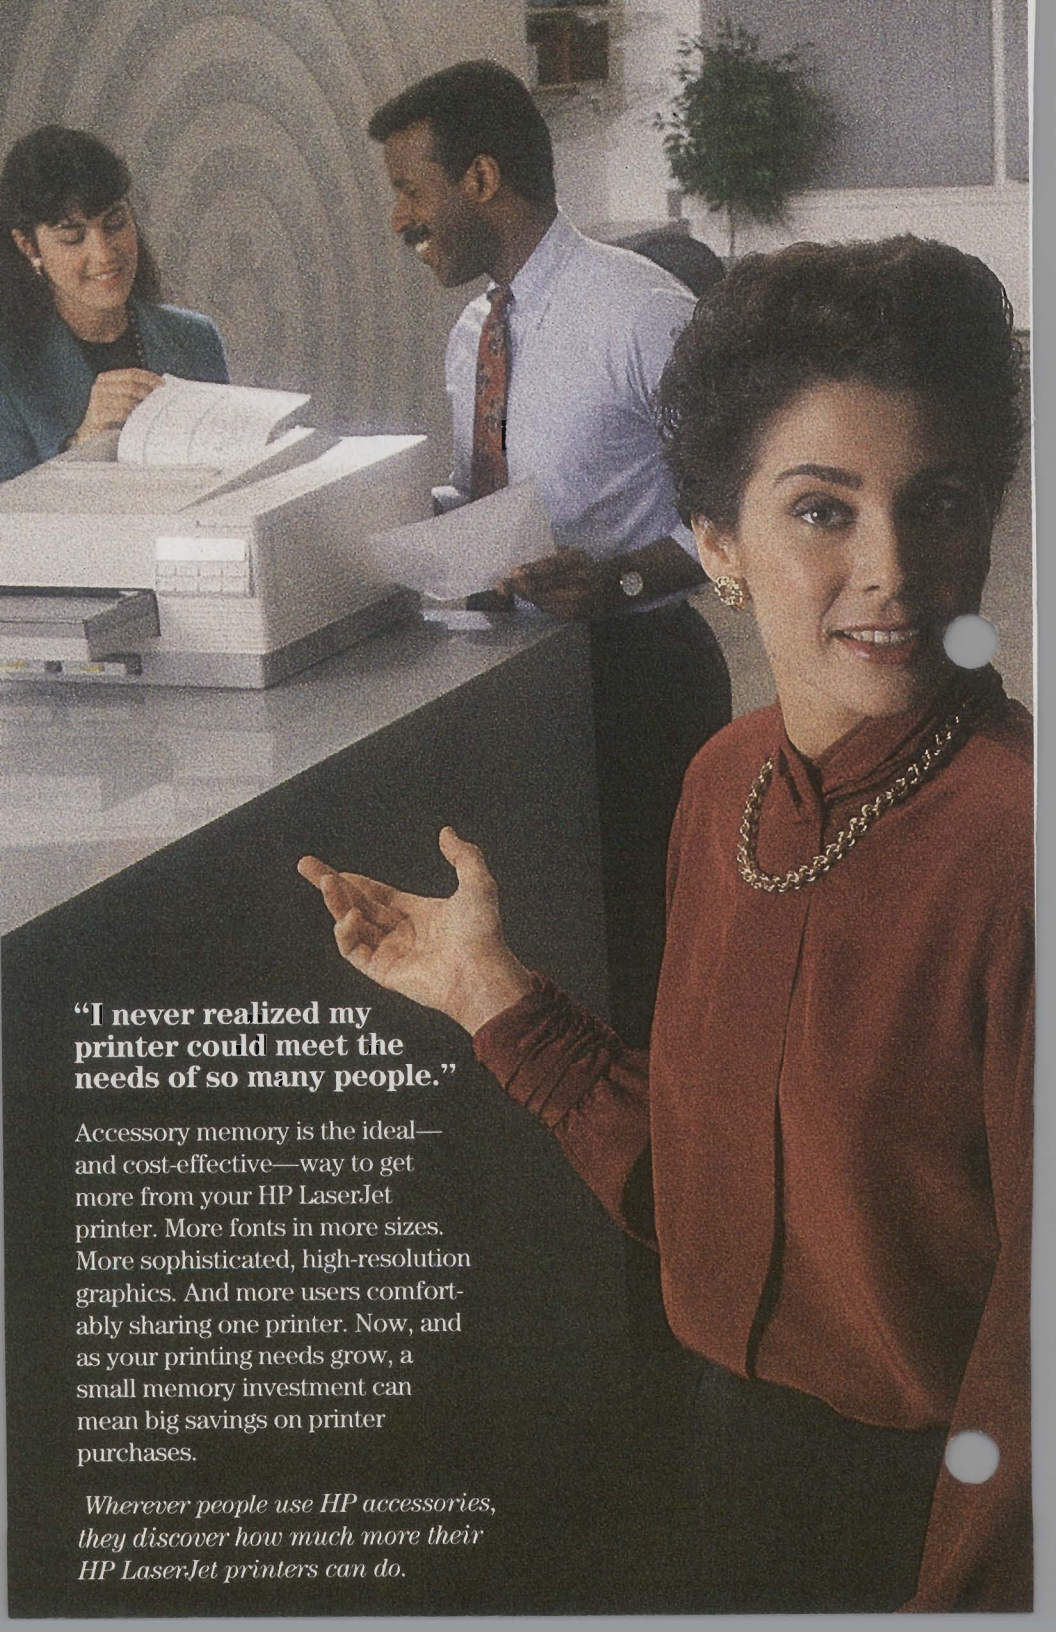

PRESENTATION BOLD, Letter Gothic Medium, **Letter Gothic Bold**, *Letter Gothic Italic*, Line Draw Medium, PC Line Medium, PC Line Bold.

Prestige Elite Family Font Disk

33412EA - 5 1/4-in. disk

Prestige Elite fonts in 16- and 12-characters-per-inch sizes. Symbol sets support many Western European languages, plus legal and math applications.

Prestige Elite Medium, **Prestige Elite Bold**, *Prestige Elite Italic*, Line Draw Medium.

"I never realized my printer could meet the needs of so many people."

Accessory memory is the ideal—and cost-effective—way to get more from your HP LaserJet printer. More fonts in more sizes. More sophisticated, high-resolution graphics. And more users comfortably sharing one printer. Now, and as your printing needs grow, a small memory investment can mean big savings on printer purchases.

Wherever people use HP accessories, they discover how much more their HP LaserJet printers can do.

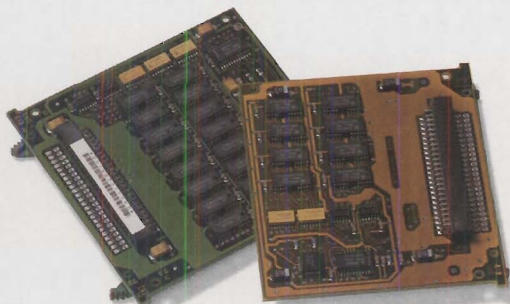

More memory for more fonts. More users. More graphics.

The power of HP accessory memory is waiting to let you print more: full-page graphics; multiple fonts; large fonts; elaborate text and graphics; Adobe PostScript; duplex documents. Or all of the above, for one or many users. The choice is yours.

Best of all, you can add memory as your needs evolve—although HP LaserJet Series II and IID printer users should consider future needs carefully before adding memory, as these printers have only one memory board slot. For the HP LaserJet IIISi printer, see our new SIMM memory on page 37.

Here are some guidelines to help you make a memory decision:

- For the single user printing many fonts or full-page, 300-dpi graphics: consider adding 1 Mbyte.
- For several users, for the sophisticated single user, or for duplex printing on the HP LaserJet IID and IIID printer: consider adding at least 2 Mbytes.
- For several sophisticated users, and for duplex printing complex pages on the HP LaserJet IID and IIID printers: consider adding 4 Mbytes.
- For Adobe PostScript, add 1 Mbyte. Add 2 to 4 Mbytes, as applications grow more complex. For duplex PostScript printing on HP LaserJet IID and IIID printers, add 4 Mbytes.

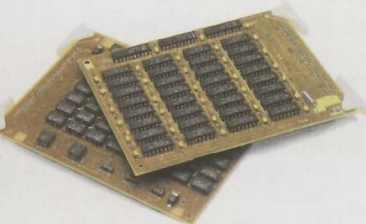

Accessory memory: the cost-effective route to greater printer power.

For HP LaserJet IIP, III, IIID and IIIP printers, install 1-Mbyte or 2-Mbyte boards in one or both memory slots, for a total of 5 Mbytes. This lets you download bigger fonts, forms and macros.

Product no.	Description
33474B	1-Mbyte memory board for HP LaserJet IIP, III, IIID and IIIP printers.
33475B	2-Mbyte memory board for HP LaserJet IIP, III, IIID and IIIP printers.

For HP LaserJet Series II or LaserJet IID printers, plug in a single 1-, 2-, or 4-Mbyte memory board. This lets you print full-page 300 x 300 dpi graphics. Download large fonts, forms and macros. Or print complex, high-resolution graphics from advanced desktop publishing applications. Users should consider future needs carefully before adding memory, as these printers have only one memory board slot.

Product no.	Description
33443B	1-Mbyte memory board for the HP LaserJet Series II and IID printers.
33444B	2-Mbyte memory board for the HP LaserJet Series II and IID printers.
33445B	4-Mbyte memory board for the HP LaserJet Series II and IID printers.

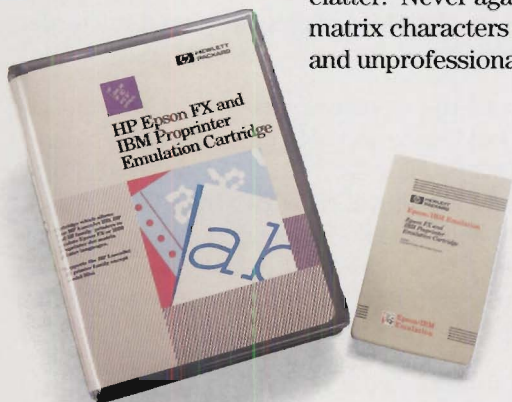

You'll find memory for the HP LaserJet IIISi printer on page 37.

Laser output for your dot-matrix programs.

With this handy emulation cartridge, you can upgrade to modern, attractive laser output and protect your software investment in the same step.

The Epson® FX/IBM® Proprinter® Emulation Cartridge lets you print from the same programs you've run on your dot-matrix printer, by communicating with your dot-matrix-driven PC software. There's no programming, no new software to learn, and nothing else to buy.

Just plug the cartridge into one of the available slots on your HP LaserJet printer, and you're printing true laser-quality documents without the clack and clatter. Never again will jagged, hard-to-read dot-matrix characters make your documents look ragged and unprofessional.

Product no.	Description
33498A	HP Epson FX/IBM Proprinter Emulation Cartridge for HP LaserJet IIP, IID, III, IIIP, and IIID printers. Note: does not work on HP LaserJet Series II or IIISi printers.

Note: The HP LaserJet printer implementation of RS-232C handshaking may vary from your current Epson FX or IBM Proprinter configuration. To use this cartridge, you may need to modify your current system configuration to continue re-sending output to the printer if time-out errors occur.

All the capabilities of Adobe PostScript are as close as your printer.

Now HP offers authentic Adobe PostScript and 35 typefaces for your HP LaserJet printer. Compatible with all PostScript-based software and the Adobe Type Library, this option lets you work in a wide range of computing environments, such as DOS, UNIX®, Windows and more.

For HP LaserJet IID, IIP, III, IIID and IIIP printers, just add appropriate additional memory, plug in the cartridge, and begin printing. The cartridge resides in the printer, so all users share it. You can run your PCL applications, too. Just remove the cartridge, restart the printer, and you're back using the HP PCL printer language.

For HP LaserJet IIISi printers, PostScript is a dealer-installable option.

Most PostScript typefaces come in four treatments: regular, bold, italic and bold italic. These include: ITC Avant Garde Gothic, ITC Bookman, Courier, Helvetica, Helvetica Narrow, New Century Schoolbook, Palatino and Times Roman. Three other typefaces come in fewer than four treatments: Symbol (2), *ITC Zapf Chancery* (1) and ITC Zapf Dingbats (1).

To print from an Apple Macintosh computer on your HP LaserJet printer, just add the PostScript cartridge, HP's AppleTalk Interface kit, and accessory memory. All are available from HP. See your authorized HP hardware dealer for details.

Product no.	Description
33439P	PostScript printer cartridge for the HP LaserJet IID, IIP, III, IIIP, and IIID printers.

Note: You'll need a minimum of 1 Mbyte of additional printer memory to use PostScript (2 Mbytes are recommended, especially for printing legal-size paper). HP LaserJet IID and IIID printer users should install 4 Mbytes for duplex (two-sided) printing.

Make all the right connections with HP printer cables.

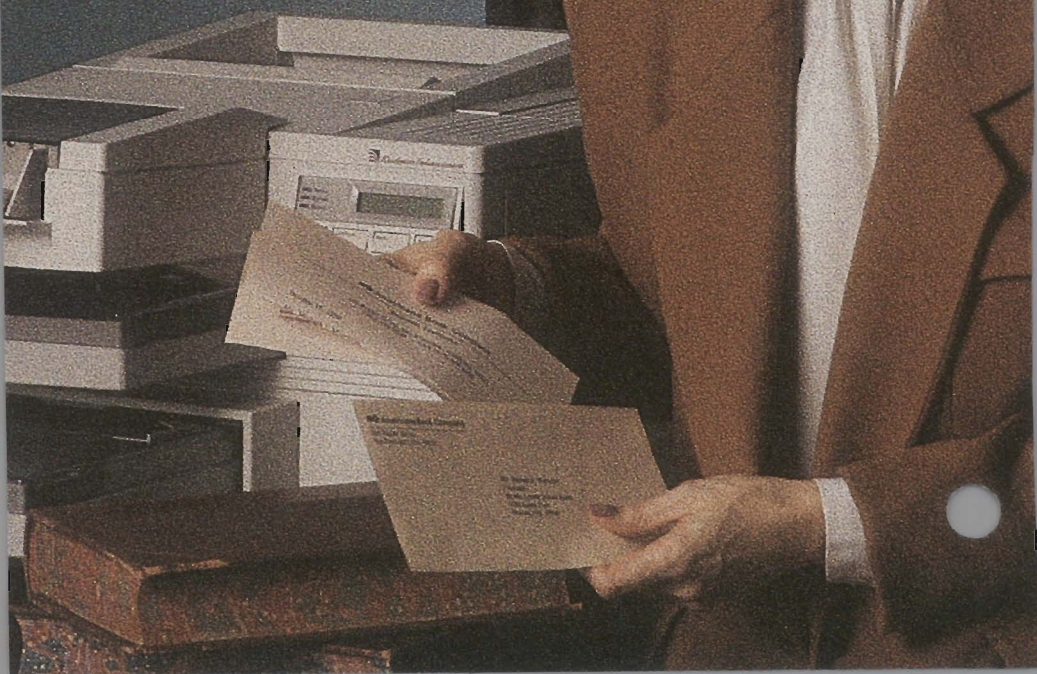

HP offers a variety of serial, Centronics and RS-232C extension cables for safe, direct connections between your computer and your HP LaserJet printer.

Product no.	Description	Length
92219D	RS-232C printer cable, connects IBM PC, PC/XT, PC/AT, Compaq and AT&T PC 6300 to all HP LaserJet printers.	1.2m (3.9 ft.)
92219J	RS-232C printer cable, connects IBM PC, PC/XT, PC/AT, Compaq and AT&T PC 6300 to all HP LaserJet printers.	5.0m (16.7 ft.)
17355M	RS-232C printer cable, connects Apple IIe to all HP LaserJet printers.	3.0m (9.9 ft.)
92284A	Centronics (parallel) printer cable, connects IBM PS/2, PC, PC/XT, PC/AT, Compaq, and AT&T PC 6300 to all desktop HP LaserJet printers.	2.0m (6.6 ft.)
92215S	Serial printer cable, connects Apple Macintosh computers, including Macintosh Plus, SE, SE/30, Portable, II, IIci, IIcx and IIx computers to HP LaserJet IID, IIP, III, IIID and IIIP printers.	2.0m (6.6 ft.)
92215N	Network cable kit for HP-to-LocalTalk or-PhoneNET LANs. Connects Apple Macintosh Plus, SE, SE/30, Portable, II, IIci, IIcx and IIx computers to HP LaserJet IID, IIP, III, IIID and IIIP printers for printer sharing on the LAN.	1.0m (3.3 ft.)

**"I never realized
changing paper sizes
could be such a snap."**

HP's printer and envelope trays let you change media without missing a beat. Go from legal to letterhead and back again. All without unloading or reloading printer trays. Simply snap in any of HP's input trays—available in four popular sizes—or an envelope feeder or adjustable-size envelope tray to make your HP LaserJet printer more productive than ever.

*Wherever people use HP accessories,
they discover how much more their
HP LaserJet printers can do.*

Turn your HP LaserJet IIP and IIIP printers into versatile dual bin paper handlers.

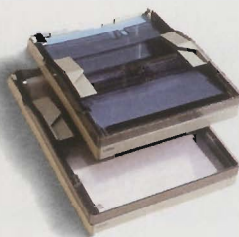

An Optional Lower Cassette supplements your built-in input tray, and lets you work with two input sources at once, printing 320 sheets (300 sheets on the HP LaserJet IIP printer) without a refill. For instance, you can print from two types of paper in one print job—such as letterhead and second sheet, or letter and envelope. The lower cassette comes with a standard letter-size paper tray, and you can also purchase other popular-sized trays: legal, A4, executive and envelope.

Product no.	Description
33472A	Optional Lower Cassette (includes letter-size tray) holds 250 sheets of 216 x 279mm (8.5 x 11 in.) paper.
33472A/B	Optional Lower Cassette (includes A4-size tray) holds 250 sheets of 210 x 297mm (8.3 x 11.7 in.) paper.
92275B	U.S. letter-size 216 x 279mm (8.5 x 11 in.) 250-sheet paper tray*.
92275C	U.S. legal-size 216 x 356mm (8.5 x 14 in.) 250-sheet paper tray*.
92275D	Metric A4-size 210 x 297mm (8.3 x 11.7 in.) 250-sheet paper tray*.
92275E	Executive-size 184 x 267mm (7.25 x 10.5 in.) 250-sheet paper tray*.

* Requires Optional Lower Cassette

Trays to match your paper sizes.

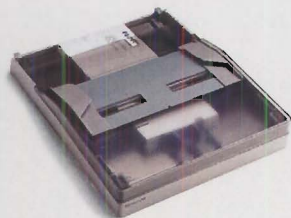

Extra HP LaserJet printer trays let you change media type and size fast. Switch from letterhead to plain paper, from legal size to A4 size. Eliminate paper fumbling and constant tray reloading, even if you're printing labels or spreadsheets when no one else is.

Product no.	Description
92297B	U.S. letter-size 216 x 279mm (8.5 x 11 in.) 200-sheet paper tray for HP LaserJet Series II, IID, III and IIID printers.
92275B	U.S. letter-size 216 x 279mm (8.5 x 11 in.) 250-sheet paper tray* for HP LaserJet IIP and IIIP printers.
92291B	U.S. letter-size 216 x 279mm (8.5 x 11 in.) 500-sheet paper tray for HP LaserJet IIISi printer.
92297C	U.S. legal-size 216 x 356mm (8.5 x 14 in.) 200-sheet paper tray for HP LaserJet Series II, IID, III and IIID printers.
92275C	U.S. legal-size 216 x 356mm (8.5 x 14 in.) 250-sheet paper tray* for HP LaserJet IIP and IIIP printers.
92291C	U.S. legal-size 216 x 356mm (8.5 x 14 in.) 500-sheet paper tray for HP LaserJet IIISi printer.
92297D	Metric A4-size 210 x 297mm (8.3 x 11.7 in.) 200-sheet paper tray for HP LaserJet Series II, IID, III and IIID printers.
92275D	Metric A4-size 210 x 297mm (8.3 x 11.7 in.) 250-sheet paper tray* for HP LaserJet IIP and IIIP printers.
92291D	Metric A4-size 210 x 297mm (8.3 x 11.7 in.) 500-sheet paper tray for HP LaserJet IIISi printer.
92297E	Executive-size 184 x 267mm (7.25 x 10.5 in.) 200-sheet paper tray for HP LaserJet Series II, IID, III and IIID printers.
92275E	Executive-size 184 x 267mm (7.25 x 10.5 in.) 250-sheet paper tray* for HP LaserJet IIP and IIIP printers.
92291E	Executive-size 184 x 267mm (7.25 x 10.5 in.) 500-sheet paper tray for HP LaserJet IIISi printer.
92295R	Replacement top cover for 92295B/D/E paper tray.
92297R	Replacement top cover for 92297B/D/E paper tray.
92295S	Replacement top cover for 92295C paper tray.
92297S	Replacement top cover for 92297C paper tray.

* Requires Optional Lower Cassette.

Print envelopes to match your letters.

Print envelopes quickly, easily and economically with HP envelope trays. Without manually feeding envelopes one at a time. Without using a typewriter to type envelopes that don't match your letters in type style or print quality. Print envelopes from 86 x 178 mm (3.4 x 7.0 in.) to 188 x 267 mm (7.4 x 10.5 in.). These include standard #10 and Monarch sizes. With compatible software, you can even include your logo, for a truly professional touch.

Product no.	Description
92297F	Envelope tray (holds 15 envelopes)* for HP LaserJet Series II, IID III and IIID printers.
92298F	Envelope tray (holds 20 envelopes)* for HP LaserJet IIP and IIIP printers.

* Users may find that the envelope tray has a slightly higher jam rate than cut-sheet paper trays. HP recommends that you test all envelopes before purchasing large quantities.

Hands-off envelope printing.

Imagine printing a page on letterhead...then the second sheet ...then the matching envelope...all on your HP LaserJet printer—all automatically. Without swapping paper trays. Without feeding envelopes into the printer.

Just team an HP power envelope feeder with the mail-merge function of most popular word processing applications, and enter mailing data only once. Your software driver and envelope feeder do the rest, printing addresses on letters and envelopes ranging in sizes from 86 x 178 mm (3.4 x 7.0 in.), to 119 x 236 mm (4.7 x 9.3 in.).

Product no.	Description
33457A	Envelope feeder for the HP LaserJet IID printer (capacity 50 envelopes).
33458A	Envelope feeder for the HP LaserJet IIID printer (capacity 50 envelopes).
33459A	Envelope feeder for the HP LaserJet IIISi printer (capacity 100 envelopes).

Note: These envelope feeders work only with the printers listed.

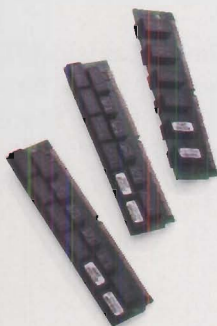

"I never realized how the HP LaserJet III Si printer could make such a big difference in my department's performance."

SIMM memory lets your new HP LaserJet III Si printer handle anything a networked environment can throw at it. And still come near to its 17 page-per-minute business speed. Four internal slots let you readily add the SIMM memory boards when you need them—up to 17 Mbytes total. Because SIMM memory is more economical than conventional memory, faster printer throughput is now more cost-effective than ever.

Wherever people use HP accessories, they discover how much more their HP LaserJet printers can do.

SIMM memory: the affordable solution for maximum HP LaserJet IIISi printer flexibility.

For PostScript: add 1 Mbyte.
For duplex printing in
PostScript: add 3 Mbytes.

SIMM memory modules let you push the limits on speed and throughput without pushing the limits of memory or budget. You can add SIMM memory in 1- or 4-Mbyte increments for up to 17 Mbytes of total printer memory. That's enough to comfortably support even the most sophisticated work groups and the most graphic-intensive applications.

SIMM memory modules fit in any of 4 memory slots, for the flexibility to add memory as the number of users and complexity of output increases. All for a fraction of what you'd pay for less advanced printer memory options.

Product no.	Description
C2063A	1-Mbyte SIMM Memory
C2065A	4-Mbyte SIMM Memory

Microfine toner: the refined touch for text and graphics.

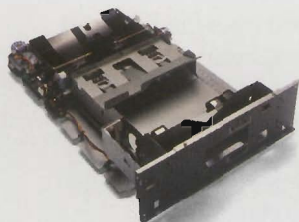

Realize the full potential of Resolution Enhancement technology with HP's new microfine toner for the HP LaserJet IIISi printer—the highest quality toner available. With an average particle size just half the size of regular toner, microfine toner combines with Resolution Enhancement for sharper edges, consistent coverage, less background scatter, and print quality so refined, it rivals 600-dpi laser printing.

And, as with all HP toner cartridges, when you replace the cartridge, you're also replacing critical precision components that are subject to friction and wear. This ensures uninterrupted top-quality output, page after page, cartridge after cartridge.

Product no.	Description
92291A	HP toner cartridge with microfine toner for HP LaserJet IIISi printer.

The two-sided way to save paper.

HP's duplex printing option for the HP LaserJet III Si printer lets you print on both sides of the page, for real savings on paper costs, filing and storage space. And with the HP LaserJet III Si printer's throughput speed, your duplex-printed document prints at up to 16 sides per minute.

Product No.	Description
C2061A	Duplex printing option.

Peak paper handling comes in different shapes and sizes.

HP's LaserJet III Si printer includes two standard 500-sheet letter-size paper trays that let you print a full 1,000 sheets between paper changes. HP also offers paper trays in three popular sizes—legal, A4 and executive—all with the same 500-sheet capacity. Add HP's 100-envelope power envelope feeder for the fastest, most flexible solution to having your envelopes look as good as the correspondence inside.

Product No.	Description
92291B	Letter paper tray (8.5 x 11 in.) (500-sheet capacity).
92291C	Legal paper tray (8.5 x 14 in.) (500-sheet capacity).
92291D	A4 paper tray (210 x 297 mm) (500-sheet capacity).
92291E	Executive paper tray (7.25 x 10.5 in.) (500-sheet capacity).
C2060A	Power envelope feeder (100 - envelope capacity).
