

HEWLETT  PACKARD

RECORDER SUPPLIES CATALOG

HEWLETT-PACKARD RECORDER SUPPLIES

This catalog contains a listing of the supplies to support your Hewlett-Packard recorder. These supplies have been designed to enable optimum performance from your Hewlett-Packard recorder and are manufactured to rigid specifications.

X-Y recording papers are cut at a 45° angle across the grain. X-Y and roll chart paper margins and cross-sections are very closely controlled. Only the highest quality of paper is used and it is printed under controlled conditions at 50% relative humidity. These factors help to minimize paper size changes when recording within normal humidity ranges.

Hewlett-Packard recording inks, pens, electric stylii, and thermal stylii enable permanent, crisp, continuous traces. Miscellaneous supplies such as starter kits, accessory kits, cleaners, and lubricants ensure not only that you start with recommended supplies, but that the proper supplies are available for maintenance.

Since it is essential that recorder supplies are available to you where and when you need them, the Hewlett-Packard distribution organization is dedicated to rapid, reliable delivery. HP has 175 sales and services offices located in 65 countries ensuring rapid processing and prompt delivery of your order.

Case lot discounts enable substantial savings when purchasing large quantities of single items. For large volume buyers of pens, ink, and paper, Hewlett-Packard's flexible and accommodating purchase agreements allow you to achieve the lowest cost.

Record with confidence. Record with Hewlett-Packard recorder supplies.

HOW TO USE THIS CATALOG

This catalog contains listings for recording paper, pens, ink, maintenance supplies, starter kits, and many more items designed to support Hewlett-Packard recorders. Two indexes have been supplied to help you find the item you want.

If you know the part number:

Refer to the part number index located at the back of the catalog. Locate the page number and item number then turn to the page indicated. Verify from the description that it is the item you want and note any qualifications.

If you don't know the part number:

Refer to the recorder and plotter model number index located at the front of the catalog. Locate the model number of your recorder, then look down the list under the model number until you find the item you want. Turn to the page indicated, verify from the description it is the item you want, and note any qualifications.

PLACING YOUR ORDER

When filling out your purchase order, please include the following information to ensure prompt delivery:

1. Part number of item.
2. Quantity desired. (Indicate number of boxes, rolls, or packs as listed in the catalog.)
3. A complete description of the item as listed in the catalog.
4. The model number of the instrument the item will be used on.
5. The complete "Sold-To" address. Please give a complete street address rather than a P. O. box.
6. The complete "Ship-To" address if different from the "Sold-To" address.
7. Any special shipping instructions such as special packing, routing, or export requirements.

RECEIVING YOUR ORDER

Before shipping your order, we carefully inspect to be sure everything is in the package. However, since many supplies are small, when unpacked at the customer's facility, some supplies are overlooked and go into the trash with the packing material. Please check ALL of the packing material when opening your order. If something seems to be missing, please check again. If you have any problems, call your local HP Sales and Service Office.

PURCHASE AGREEMENTS

For large volume buyers, Hewlett-Packard has purchase agreements available which allow you to purchase pens, ink, and paper at the lowest cost. These 12-month agreements for the purchase of pens and ink in package lots and paper in case lots assure you of a better discount schedule.

To find out if your purchases will meet the minimum requirements, simply list your projected usage in pens, ink, and paper. Call your local HP Sales and Service Office and one of our representatives will be glad to go over the purchase agreements in detail.

CASE LOT DISCOUNTS

Large volume buyers who do not use one of Hewlett-Packard's purchase agreements can still earn substantial discounts by purchasing in case lot quantities. The savings resulting from lower handling costs are passed on to the buyer. Your local HP Sales and Service Office can advise you of the discounts available.

UNLISTED SUPPLIES

If you can't find the item you want, please call your local HP Sales and Service Office. We can design a special chart to suit your needs and will produce it to the same high quality which is characteristic of our complete line.

MODEL 680 ENGLISH RECORDING PAPER

INK WRITING – STANDARD GRID

5 inch wide green grid. Bold lines at 1 inch, medium at .5 inch, light at .1 inch. Roll length 95 feet. 50 rolls per carton.

order part no. 9270-1012

GEMKOTE® PAPER – INK WRITING – STANDARD GRID

5 inch wide, green grid. Bold lines at 1 inch, medium at .5 inch, light at .1 inch. Roll length 55 feet. 50 rolls per carton.

order part no. 9280-0162

STANDARD GRID WITH HOURLY TIME MARKINGS – INK WRITING

Hourly time markings 1-12 a.m. and p.m. along left side at 4 inch intervals. Bold lines at 1 inch, medium at .5 inch, light at .1 inch. 5 inch wide, green grid. Roll length 120 feet. 50 rolls per carton.

order part no. 9270-1018

STANDARD GRID WITH EXTRA HEAVY CENTER LINE – INK WRITING

5 inch wide, green grid. Bold lines at 1 inch, medium at .5 inch, light at .1 inch. Extra bold center line. Roll length 95 feet. 50 rolls per carton.

order part no. 9280-0115

ELECTROSENSITIVE – STANDARD GRID

5 inch wide, green grid. Bold lines at 1 inch, medium at .5 inch, light at .1 inch. Roll length 65 feet. 50 rolls per carton.

order part no. 9280-0136

STANDARD GRID WITH ELECTRO-CONDUCTIVE WARNING – ELECTROSENSITIVE

Red warning every 12 inches "CAUTION: ELECTRO-CONDUCTIVE PAPER. AVOID CONTACT WITH LIVE CIRCUITS." 5 inch wide, green grid. Bold lines at 1 inch, medium at .5 inch, light at .1 inch. Roll length 65 feet. 50 rolls per carton.

order part no. 9280-0174

PRESSURE SENSITIVE – STANDARD GRID

Red trace. 5 inch wide, green grid. Bold lines at 1 inch, medium at .5 inch, light at .1 inch. Roll length 70 feet. 50 rolls per carton.

order part no. 9270-1033

MODEL 680 ENGLISH RECORDING PAPER (Cont'd)

STANDARD GRID WITH HOURLY TIME MARKINGS – PRESSURE SENSITIVE

Hourly time markings 1-12 a.m. and p.m. printed along left side at 4-inch intervals. 5 inch wide, green grid. Bold lines at 1 inch, medium at .5 inch, light at .1 inch. Roll length 80 feet.

order part 9270-1019

BLANK PAPER – INK WRITING

5 inch wide writing area. Roll length 95 feet. 50 rolls per carton.

order part no. 9270-1061

GRID DESCRIPTION

5 inch wide, green grid. Horizontal lines (time scale) are bold at 1 inch, medium at .5 inch, light at .1 inch. Vertical lines (log scale): each decade 1.67 inches, 10 major divisions each decade.

INK WRITING – 3 CYCLE X LINEAR SEMILOGARITHMIC

5 inch wide, green grid (description above). Roll length 95 feet. 50 rolls per carton.

order part no. 9280-0138

ELECTROSENSITIVE – 3 CYCLE X LINEAR SEMILOGARITHMIC

5 inch wide, green grid (description above). Roll length 65 feet. 50 rolls per carton.

order part no. 9280-0134

ELECTROSENSITIVE – 4 CYCLE X LINEAR SEMILOGARITHMIC

5 inch wide, green grid. Horizontal lines (time scale) are bold at 1 inch, medium at .5 inch, light at .25 inch. Vertical lines (log scale): each decade 1.25 inches, 10 major divisions each decade.

order part no. 9270-0486

RECORDS TEMPERATURES FROM 0° TO 100°F – INK WRITING

5 inch wide, green grid. Horizontal lines bold at 1 inch, medium at .5 inch, light at .1 inch. Temperature compensated vertical lines are bold every 20°, medium every 10°, light every 2°. Temperature markings every 4 inches. Roll length 95 feet. To be used only on appropriate temperature recording 680 series models. 50 rolls per carton.

order part no. 9270-1031
