The Quality Designed into Hewlett-Packard Products Says a Lot About What You Can Expect to Get Out of Them.

Quality and
Reliability Backed
by Incomparable
Support.

To ensure your documents always look their professional best you depend on the unmatched performance and reliability engineered into every Hewlett-Packard peripheral. And if questions arise, you know HP support is just a phone call away. To make sure your business communications keep their professional edge, rely on genuine HP supplies and accessories.

HP supplies and accessories are designed specifically to work with your HP hardware, and to keep it working as smoothly as the day you bought it. Genuine HP supplies ensure that your HP printers will produce the highest-quality output possible. At the same time, HP accessories help increase your productivity, reduce paper costs, minimize downtime, and even help you stay organized. Count on HP products

to help you work smarter, more efficiently, and to always bring out your best.

Ordering is Easy.

Ordering HP supplies and accessories is easy. Just call the HP supplies and accessories retailer who gave you this catalog. Their knowledgeable staff is committed to service excellence and fulfilling your order promptly.

Protecting the Environment.

HP engineers do more than create industry-leading products. They continually look for innovative ways to make HP products environmentally sound and reduce waste.

In recent years HP has implemented a toner cartridge recycling program. Simply return your empty cartridges at no cost to a designated recycling center. The used HP toner cartridges are then broken down to scrap metal and plastic and recycled into other products.

An improved HP inkjet cartridge material has enabled HP engineers to begin scaling back the amount of necessary packaging. And all HP inkjet cartridges contain water-soluble, environmentally friendly HP-engineered inks. HP's use of recyclable packaging is also on the increase. Recycled cardboard, paper, and kraft paper are being incorporated into HP packaging whenever possible. Even this catalog is printed on recyclable paper using nontoxic, soy-based inks. In addition, HP engineers have designed HP printers to provide sharp, clear output on fine quality recycled paper.

600 dpi

AGRI-TECH ENVIRONMENT QUARTERLY REPORT

AGRI-TECH's Version of the Environmental Big Bang Theory

The Environmental Protection Agency (EPA) continues to toughen water purification standards throughout our industry. AGRI-TECH now, as always, not only supports the EPA's stance on water purification but calls for tougher measures to help preserve and protect the nation's rivers and streams.

AGRI-TECH stands alone as being the industry leader in Voluntary Regulatory Standards which enables AGRI-TECH to have, historically, the lowest toxin percentage per decaliter levels throughout the nation.

HP LaserJet Printers Supplies and Accessories

Reliability
that Comes
Through Sharp
and Clear.

You chose the Hewlett-Packard LaserJet printer because it offered what you needed most in an office printer — dependability, consistent performance, and the highest-quality output possible.

To help you maintain that level of satisfaction, stick with precision-engineered, HP supplies and accessories. They're specially designed as an integrated part of your HP LaserJet printer, ensuring that your printer operates at optimum performance levels for as long as you own it, and that the quality of output remains as crisp and clear as the day you bought it.

Whether you're replacing toner cartridges, upgrading memory, or adding fonts or additional paper-handling capacity to your HP LaserJet printer, don't leave the integrity of your output to chance. Rely on the quality, dependability, and performance built into every genuine HP LaserJet supply and accessory.

The Highest-Quality Toner Available for HP LaserJet Printers.

You rely on your Hewlett-Packard LaserJet printer to deliver output that's consistently crisp and clear, no matter what your workload. To keep getting the best from your printer, always put the best in — precision-engineered HP LaserJet toner formula. It's the toner you'll find in every HP toner cartridge system.

Every time you install a new HP LaserJet toner cartridge in your HP LaserJet printer, you're adding an entirely new imaging system. Each cartridge contains a number

of integrated parts, such as a cleaner blade, photosensitive drum, primary corona or charging roller, and the highest-quality toner. You always get sharp, even printing with no mess, on a variety of media.

HP is a world leader in laser printing technology and toner sales. HP's years of experience are your assurance of crisper text, sharper graphics, and blacker blacks, page after page.

HP's microfine toner formula combined with HP Resolution Enhancement

technology elevates the quality of mainstream office printing. The result is sharper edges, finer lines, darker black coverage, and overall print quality superior to that of other 300- and 600-dpi printers.

Don't compromise the quality of your presentations, reports, or other professional documents. Use only HP laser toner cartridges, the highest-quality cartridges available for your HP LaserJet printer.

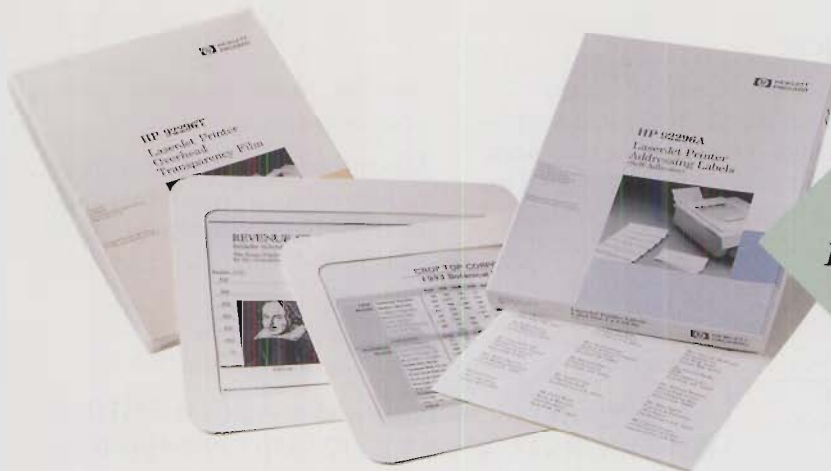

Check Printing Made Easy.

The HP MICR toner cartridge provides a simple, high-quality alternative for writing payroll, vendor, and other checks on your HP LaserJet printer. To enjoy the benefits of one-pass check printing in your office, contact your HP retailer for check-printing software and MICR fonts.

92296K	Full sheet labels	11"	8 1/2"	1	32.00/box

*Each box of labels contains 100, 8 1/2 x 11 in sheets, except for 92296H and 92296J, which contain 75 sheets.

HP Transparency Film

Create overhead presentations with ease

Print overhead transparencies as easily as paper documents on your HP LaserJet printer. Transparencies print sharp and clear and won't melt or smear.

Part No.	Description	List Price
92296T	Overhead transparency film, U.S. letter-size. Box of 50.	\$25.00/box

Prepaid UPS Labels

Look for the special prepaid UPS label in every HP LaserJet toner cartridge box. Use it to recycle your used toner cartridge. Together, you and HP can help make the environment a better, cleaner place for everyone.

Ozone Filters

Reduce ozone emissions in your office and keep your HP LaserJet IID printer operating at peak performance levels with HP ozone filters.

Part No.	Description	List Price
92295Q	Replacement filter for HP LaserJet IID printers. Box of two.	\$44.00

Note: The ozone emissions of all HP LaserJet Printers comply with the only existing standard for ozone emissions, that set by Underwriters Laboratory (UL). For installation specifics, call your local HP dealer.

**Easy to
Recycle
HP LaserJet
Toner
Cartridges!**

HP is committed to using its technology to help reduce the amount of waste that ends up in our landfills. To help combat this problem, HP has implemented a free toner cartridge recycling program. Simply take the new cartridge from the box and replace it with the used cartridge, seal the box, and attach the prepaid UPS label (found inside your toner box) on top. Then call your local UPS office for free pickup. It's that easy.

For each cartridge returned, HP will make a \$1-per-cartridge contribution to be shared equally by the National Wildlife Federation and The Nature Conservancy. To learn more about the program, read the return instructions in your HP LaserJet toner cartridge box or call

**1-800-752-0900,
ext. 1872**

Give Your Documents a Voice.

When communicating on paper, you only have one chance to make your words come across the way you want. To make your document understood, you need to give it a "voice" — its own distinctive tone, inflection, and volume.

That's why Hewlett-Packard created the MasterType library — a collection of scalable typefaces and bitmapped fonts designed to work with HP LaserJet printers. So people not only read what

you have to say, they also listen to your message.

Use the information on this page to help select a "voice" that can increase the persuasive power of your next document.

FONT

A font is a complete set of letters, numbers, and symbols of a specific typeface design, which are the same point size, treatment, pitch, and orientation.

TIMES ROMAN, 12 point, regular, portrait orientation

abcdefghijklmnopqrstuvwxyZ ABCDEFGHIJKL
MNOPQRSTUVWXYZ 1234567890•*¶@#√&%

TYPEFACE

A typeface is the particular design or style of the characters and symbols, such as CG Times or Helvetica.

MASTER (TIMES) **TYPE** (HELVETICA)

POINT SIZE

Point size is the measure of the height of the characters.

M A S T E R
9 12 14 18 24 36
point size

regular **TYPE**
bold **TYPE**
italic *TYPE*
bold italic **TYPE**

TREATMENT

Treatment is the variation of a typeface design. Use regular type for text, Bold to signify importance, Italics for emphasis, and Bold Italics to further emphasize the importance.

SERIF

Serif typefaces have short lines crossing the ends of main strokes of characters. They're an ideal choice for long text.

TYPE

SANS SERIF

Sans serif simply means "without serifs." Sans serif typefaces work well for short text and headlines.

PROPORTIONAL PITCH

Proportional pitch means that character width varies. Use it to make text reading easier.

WIDTH **TYPE**

FIXED PITCH

Fixed pitch means that characters are equal in width. It works well in tables and charts.

SCRIPT

Scripts are based on letter forms that emulate the cursive characteristics of handwriting. Use them for formal occasions.

Master **TYPE**

NOVELTY

Novelty typefaces are very stylistic and decorative in nature. Use them to add a creative or casual flair to your document.

ORIENTATION

Orientation is the direction of the type on the page.

Landscape/horizontal format: An image or page format in which the width is greater than the height. A good choice for spreadsheets and presentations.

Portrait/upright: Description of an image or page in a vertical format. Works well for traditional word processing.

BITMAPMED FONTS

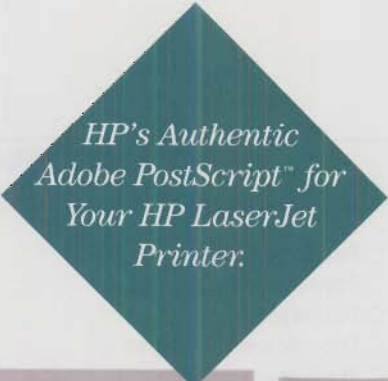

A bitmapped font is formed by patterns of tiny dots which give you a specific typeface in a preset size and orientation. Font cartridges contain a variety of bitmapped fonts which work in most HP LaserJet printers.¹

SCALABLE TYPEFACES

A scalable typeface can be reduced or enlarged to create thousands of font sizes — .25 to 999.75 points — giving you maximum flexibility when creating documents.²

¹ Bitmapped fonts are not scalable.

² Scalable type works in HP LaserJet III and 4 family printers.

Since its introduction Adobe's PostScript™ language has become the industry-standard language for electronic printing and publishing. Adobe's flexible graphics- and text-manipulation capabilities help you achieve true output independence while dramatically enhancing both the appearance and effectiveness of your business communications.

HP's PostScript options include authentic PostScript software from Adobe and 35 Adobe typefaces that work with the Adobe Type Library and all software supporting the PostScript language.

What is PostScript?

PostScript is a computer language that describes the layout of a page to an output device, such as an HP LaserJet printer or a typesetting machine. HP's PostScript software from Adobe is optimized for your HP LaserJet printer, enabling you to create consistently superior-quality output.

What are the benefits?

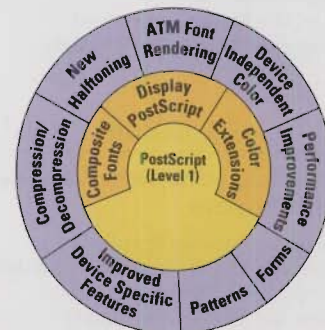

1. Adobe offers over 2,000 unique typefaces that work with most PostScript output devices.
2. PostScript software is supported by Hewlett-Packard and over 40 other original equipment manufacturers, and more than 5,000 software applications.
3. PostScript software gives you the ability to print on a wide variety of output devices, in both color and black-and-white.

4. PostScript printers can seamlessly operate in Mac, PC, or mixed computing environments.
5. Adobe's Type 1 typefaces can be built into PostScript devices and are available separately.
6. WYSIWYG — With PostScript software, what you see on your monitor is what you get on the printed page, whether from your HP LaserJet printer or a typesetting machine.
7. HP's PostScript software from Adobe offers the authenticity and quality you've come to expect.

So what's the bottom line?

When your HP LaserJet printer uses an HP PostScript cartridge or SIMM, you're guaranteed the highest-quality results possible — ensuring clear, effective visual communication time after time.

Part No.	Description	List Price
C2089A	PostScript Cartridge Plus for the HP LaserJet IIIP, III, and IIID printers. Level 2.	\$499.00
33439Q	PostScript printer cartridge for the HP LaserJet IID, IIP, IIP plus printers. Level 1.	495.00
33494D	Adobe's PostScript Level 2 ROM for the HP LaserJet IIISi printer (serial #3199J or lower).	799.00
33494E	Adobe's PostScript SIMM for the HP LaserJet IIISi printer (serial #3200J & higher).	799.00
C2013A	Adobe's PostScript SIMM for the HP LaserJet 4Si printer. Level 2.	799.00
C2080A	Adobe's PostScript SIMM for the HP LaserJet 4 printer. Level 2.	499.00
33417C	AppleTalk Interface Kit for the HP LaserJet IIP and IIIP printers.*	275.00

NOTE: You need a minimum of 1 MB additional printer memory to use PostScript (2 MB are recommended). Refer to memory chart on page 8.

Most typefaces come in regular, **bold**, *italic*, and **bold italic** and include: ITC Avant Garde Gothic, ITC Bookman, Courier, Helvetica, Helvetica Narrow, New Century Schoolbook, Palatino, and Times Roman. HP's PostScript cartridges and SIMMs also include Symbol (γολτ) in two treatments, and ITC Zapf Chancery and ITC Zapf Dingbats (☞*⊙□) in one.

HP offers the latest version of Adobe's PostScript

Adobe's PostScript Level 2 software improves upon the previous version with better printer memory management, data compression, and form and pattern storage, which all help to speed up PostScript printing. PostScript Level 2 software includes 35 built-in Type 1 typefaces, and you can download any other Type 1 typeface to your HP LaserJet printer. Type 1 typefaces are scalable to virtually any size your software can create.

* To print from an Apple Macintosh computer on your HP LaserJet IID, IIP, III, IIIP, IIID, IIISi printer, add Postscript, the HP AppleTalk® interface, and HP LaserJet memory. See your authorized HP dealer.

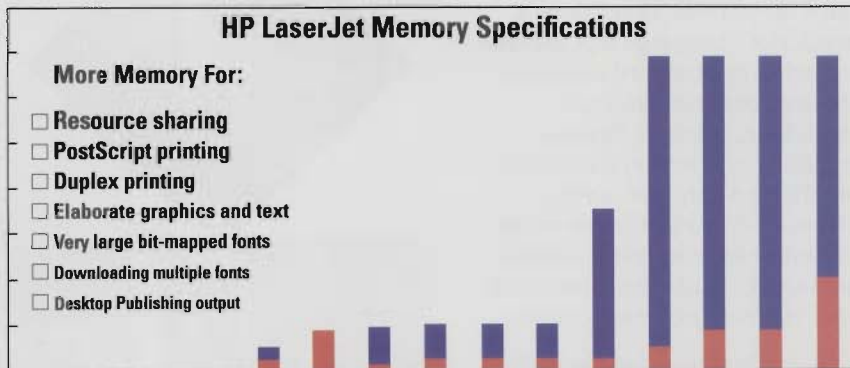

More Memory for More Fonts, More Users, More Graphics.

As the complexity of your printing needs grows, additional HP accessory memory will keep you printing with confidence.

The amount of memory required is based on the number of users connected to the printer as well as the complexity and variety of documents being printed.

- A desktop-published document or complex spreadsheet may require more than 1 MB of memory.
- Adding a PostScript cartridge or SIMM to your printer will use approximately 1 MB of memory for PostScript processing — additional memory is required for document printing.
- Duplex printing requires exactly double the memory — enough memory for two full documents.

Best of all you can add memory as your needs increase. For basic guidelines to help you make the best memory decision, call your HP supplies reseller.

HP LaserJet Printer	4L	4ML	IIP	IIP plus	III	IIID	IIISi	4	4M	4Si	4Si MX
Built-In Memory	1.0	4.0	0.5	1.0	1.0	1.0	1.0	2.0	8.0	4.0	10.0
Additional Capacity	1.0	0.0	4.0	4.0	4.0	4.0	16.0	32.0	28.0	30.0	24.0
Maximum Memory	2.0	4.0	4.5	5.0	5.0	5.0	17.0	34.0	34.0	34.0	34.0

HP Accessory Memory

Print complex documents with confidence

The power of HP accessory memory is waiting to let you print more: full-page graphics, multiple fonts, large fonts, forms, elaborate text and graphics, PostScript type and graphics, and duplex documents.

Or, all of the above, for one or many users. The choice is yours.

Part No.	Description	List Price
33474B	1 MB memory board for HP LaserJet IIP, IIP plus, III, IIID, and IIP printers.	\$169.00

*Also compatible with HP DeskJet 1200C printers and most HP DesignJet family plotters.

HP Epson® FX and IBM® ProPrinter® Emulation Cartridge

Get HP LaserJet printer output from your dot-matrix programs

Now, without changing software, print documents on your HP LaserJet printer using the same programs designed for use on dot-matrix printers. Just plug this cartridge into the HP LaserJet printer and you're ready to go — without the noise.

Part No.	Description	List Price
33498A	HP Epson FX/IBM ProPrinter Emulation Cartridge for HP LaserJet IIP, IIP plus, IID, III, IIP, and IIID printers.	\$175.00

NOTE 1: Does not work on HP LaserJet Series II or IIISi printers.
 NOTE 2: The HP LaserJet printer implementation of RS-232C handshaking may vary from your current Epson FX or IBM ProPrinter configuration. To use this cartridge, you may need to modify your current system configuration to continue resending output to the printer if time-out errors occur.

HP PCL 5 Cartridge

Give your HP LaserJet IIP or IIP plus printers the power of HP PCL 5 scalability

The HP PCL 5 cartridge offers you eight scalable typefaces, striking special effects, and vector graphics capabilities. Rotate fonts, drop in shades and patterns, set type at any angle, and more. Minimizes font downloading and prints graphics faster.

Part No.	Description	List Price
C2088A	HP PCL 5 cartridge for the HP LaserJet IIP and IIP plus printers.	\$299.00

NOTE: The HP PCL 5 cartridge does not include Resolution Enhancement technology which is only available in the HP LaserJet III and 4 family printers.

Give your document a distinctive "voice" that draws the reader in. It's easy, with HP scalable typeface cartridges because HP offers the broadest software compatibility in the industry. Just plug them in and go. Each cartridge contains a variety of typefaces in

four treatments — regular, **bold**, *italic*, and **bold italic** — that can be scaled as needed. And whether you have your own HP LaserJet printer or share a networked printer, you can create matching screen fonts. So, what you see is what you print.

Add the power of persuasion to desktop-published newsletters, overheads, and important presentations with this attention-commanding 26-typeface collection.

†Albertus is available in two typefaces only: regular and extra bold.
*Available only in the typeface shown here.

HP Intellifont-for-Windows

This HP PCL 5 screen/printer driver enhances the use of scalable type from Microsoft® Windows 3.0. Included are matching screen fonts for the 14 fonts and 8 scalable typefaces built into the HP LaserJet III family of printers. So, what you see is what you print. Specify 3.5- or 5.25-inch disk and Windows 3.0 or 3.1.

To receive HP Intellifont-for-Windows in the U.S. and Canada, call 1-303-353-7650.

AutoFont Support

AutoFont Support is HP's solution for automatically providing font metrics and other information needed to support software for both scalable typefaces and bitmapped fonts written in the PCL format, including many software applications for word processing, page composition, forms, and more. Software that incorporates AutoFont may minimize your need for HP Type Director or HP Intellifont-for-Windows.

Automatic
font
compatibility from
Hewlett-Packard.

Microsoft Font Cartridge

Now all the output from your Microsoft applications including Microsoft Excel®, Word, and Windows, will look sharper and more professional than ever with these proportional fonts. Supports all HP LaserJet printers

Envelope Tray		
92275F	Envelope tray (20-envelope capacity).**	89.00

*Requires optional lower cassette. **Users may find that the envelope tray has a slightly higher jam rate than cut-sheet paper trays. HP recommends that you test all envelopes before purchasing large quantities.

Power Envelope Feeders for HP LaserJet IIID, IIISi, 4, 4M, 4Si, and 4Si MX printers

Saves time by automatically collating pages and envelopes

Print up to 100 multi-page letters — letterhead and additional pages — plus matching envelopes, without changing paper trays or manually feeding en-

velopes. You never have to enter mailing addresses twice because this envelope feeder works with the mail-merge function of many popular word processing applications. Just plug it in and you're ready to go.

Part No.	Description	List Price
33458A	Envelope feeder for the HP LaserJet IIID printer (50-envelope capacity).	\$350.00
C2082A	Envelope feeder for the HP LaserJet 4 and 4M printers (75-envelope capacity).	349.00
C2060A	Envelope feeder for the HP LaserJet IIISi, 4Si, and 4Si MX printers (100-envelope capacity).*	480.00

NOTE: These envelope feeders work only with the printers listed. *For the HP LaserJet 4Si, 4Si MX, and IIISi printers, envelope sizes can range between 98 x 190.5 mm (3.82 x 7.43 in) to 161 x 241.3 mm (6.28 x 9.4 in).

Additional Paper Capacity and Trays for HP LaserJet 4 printers

Using the optional lower cassette with paper trays gives you additional "hands-off" printing. Access two types of

media or print up to 750 sheets, plus 100 envelopes,* without refilling.

*With power envelope feeder.

Part No.	Description	List Price
Replacement Paper Trays for HP LaserJet 4 and 4M printers

Additional Paper Capacity and Power Envelope Feeder		
C2083A	Optional lower paper tray unit (accepts letter, executive, and A-4 sizes) holds an additional 500 sheets of 216 x 279 mm (8.5 x 11.5 in) paper.	349.00
C2083B	Optional lower paper tray unit (accepts letter, legal, executive, and A-4 sizes) holds an additional 500 sheets of 216 x 356 mm (8.5 x 14 in) paper.	349.00
C2082A	Power envelope feeder (75-envelope capacity).	349.00

Paper Handling Options and Accessories for HP LaserJet IIISi, 4Si, and 4Si MX printers

Expand the paper-handling and printing capabilities of your HP LaserJet printer

These products are a must for busy offices where multiple users share a printer. HP high-volume paper and power envelope feeders significantly increase the capacity of your HP LaserJet printer and eliminate the time-consuming task of refilling

paper. Enjoy the convenience of not having to add paper for up to 2,000 sheets, or up to 100 envelopes.

The HP LaserJet Printer Cabinet unifies your printing system, providing easy and ready access to all your HP LaserJet printing supplies and accessories.

Part No.	Description	List Price
92291B	U.S. letter-size 216 x 279 mm (8.5 x 11 in) 500-sheet paper tray.	\$129.00

C2917A	Printer cabinet.	420.00
C2921A	Paper feeder letter size (1,500-sheet capacity).	635.00
C2920A	Paper feeder A-4-size (1,500 sheet capacity).	685.00
C2060A	Power envelope feeder (100-envelope capacity).	480.00
C2061A	Duplex printing option. (See below.)	670.00

NOTE: These accessories work only with the HP LaserJet 4Si, 4Si MX, and IIISi printers.

HP JetDirect Cards

Put your HP LaserJet printer anywhere on your network with an HP JetDirect card — and enjoy the benefits of shared printing. Contact your authorized HP dealer to find out about network cards for the HP LaserJet Series II, IID, III, IIID, IIISi, 4, and 4Si printers. HP JetDirect cards are also available for the HP DeskJet 1200C printer and HP DesignJet plotters.

Duplex (Two-Sided) Printing

Reduce your paper costs by up to 50 percent

Print on both sides of the paper with HP's duplex printing option for the HP LaserJet IIISi, 4Si, and 4Si MX printers. Now you can save up to 50 percent on paper, mailing, filing, and storage space. (Refer to the chart above for Duplex Printing option product number and pricing.)

HP DeskJet and DeskWriter Printers Supplies and Accessories

Only
HP-Engineered Inks
Deliver HP-Quality
Output.

Buying your Hewlett-Packard DeskJet or DeskWriter printer seemed like a natural thing to do. Its built-in reliability, high-quality output, and affordability made it an easy choice. To keep your output looking sharp, clear, and colorful for years to come, it's only natural that you rely only on genuine HP supplies.

HP inks and media for your HP printer are engineered as an integral part of the DeskJet system. So, no matter what type of document you're printing, your work always comes out looking its professional best.

Ink, one of the very basic components of printing, receives special attention from HP. In fact, to achieve a more integrated relationship between HP inks, peripherals, and media, a major portion of HP's R&D efforts in inkjet technology is devoted to developing ink formulations, as well as ink chemistry and application.

Quick drying time, water resistance, high-quality output, and crisp, clear printing on a variety of media are things you can count on every time you use HP inks.

From inks and media to font cartridges and memory, rely on genuine HP supplies and accessories to create consistently sharp-looking documents from your HP DeskJet printer.

Hewlett-Packard is a world leader in inkjet technology. Since the first inkjet prototype in 1979, HP has been continually perfecting the quality of its inkjet cartridges. This has resulted in HP technological breakthroughs that provide you with crisp, clear text and razor-

sharp graphics throughout the life of every cartridge.

HP-engineered high-capacity black print cartridges for most HP DeskJet printers contain water-resistant ink that gives you high-quality performance and ensures reliability.

51640Y ●	Yellow print cartridge for HP DeskJet 1200C and 1200C/PS printers. Prints approximately 320 pages at 15% density.	34.95

Hewlett-Packard cannot be responsible for substandard print quality or damage to your printer from used cartridges that have been refilled.

Print Cartridges

Consistent high-quality printing every time

Each snap-in cartridge contains new nozzles and new electronics, all of which combine with HP inks to deliver consistently sharp text and graphics on plain, special, or glossy paper and transparencies. To maintain the integrity of your output and your printer investment — use genuine HP inks.

HP JetSeries Paper and Film

HP media enhances and intensifies colors

Combine HP JetSeries paper and film with HP color inks and discover millions of colorful ways to give your documents and transparencies a truly professional look.

The surface coating of HP CX JetSeries Paper actually binds HP color ink to the paper to give you water- and smear-resistant results unachievable with plain paper.

High-impact presentations and pre-press proofing call for HP LX JetSeries glossy paper. Use it to present illustrations, scanned images, and complex graphics in their best light.

For overheads that will capture and keep audience attention throughout your presentation, choose HP LX JetSeries Transparency Film — the only film engineered specifically for printing on the HP DeskJet and HP DeskWriter printers.

Part No.	Description	List Price
51630Y	CX JetSeries CutSheet Paper. 200 sheets of letter-size vacuumed, dust-free paper, 8.5 x 11 in.	\$20.95
51630Z	CX JetSeries CutSheet Paper. 200 sheets of A-4-size paper, 210 x 297 mm.	22.95
51636H	LX JetSeries Glossy Paper. 50 sheets of letter-size paper, 8.5 x 11 in.	59.95

51636G	LX JetSeries Transparency Film. 50 sheets of A-4-size film, 210 x 297 mm.	55.95

NOTE: You can produce monochrome transparencies and glossy output on HP DeskJet 500C and HP DeskWriter C printers.

Print Cartridges for the New HP DeskJet 1200C Printer

New print cartridges with visible ink-level indicators

HP-engineered supplies and accessories for the new HP DeskJet 1200C and HP DeskJet 1200C/PS printers ensure high-quality text and premium color printing.

The black print cartridge with visible ink-level indicator and pigmented ink takes monochrome text to a new level of quality on plain paper. Add visual impact to your important documents with HP color print cartridges. And get even greater sharpness and color brilliance on HP JetSeries CutSheet paper, glossy paper, and transparency film.

Ensure your documents and presentations come out looking their absolute best — rely on premium-quality HP inks and media.

Part No.	Description	List Price

51640M	● Magenta print cartridge for HP DeskJet 1200C and 1200C/PS printers. Prints approximately 320 pages at 15% density.	34.95

Hewlett-Packard cannot be responsible for substandard print quality or damage to your printer from used cartridges that have been refilled.

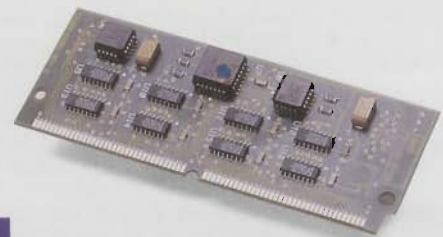

Adobe PostScript™ for the HP DeskJet 1200C Printer

Give the HP DeskJet 1200C printer the power to reach its full potential with an Adobe PostScript Module that includes 35 Adobe typefaces and an extra 2 MB of memory.

The HP DeskJet 1200C printer also uses the same memory SIMMs, type

and font cartridges, and HP JetDirect cards as the HP LaserJet 4 printer.

Achieve high-quality results in living color with the HP DeskJet 1200C printer and the right HP supplies and accessories.

Part No.	Description	List Price
C2865A	PostScript Level 2 Module for HP DeskJet 1200C printer.	\$729.00

Recent HP engineering improvements to inkjet cartridge casings have enabled HP to begin significantly reducing the amount of inkjet cartridge packaging.

Part No.	Description	List Price
92177Z	Fits under printer, stores 2 print cartridges, up to 4 font or memory cartridges and a full ream of 8.5 x 11 in paper.	\$159.00
C3003A	Rechargeable Battery for the HP DeskJet Portable.	49.00
C3004A	Worldwide Rapid Recharger for the HP DeskJet Portable.	99.00
C3005A	Auto CutSheet Feeder for the HP DeskJet Portable.	99.00
C3061A	Parallel I/O Cable for the HP DeskJet Portable.	19.00
C3050A	Carry Case for the HP DeskJet Portable.	99.00

HP DeskJet Accessories

Look smart. Stay organized. And keep your HP DeskJet Portable printer products charged and ready to go with quality HP accessories. From desktop organizers to parallel I/O cables, HP has the products you need to keep things running smoothly.

Part No.	Description	List Price
22706R	Times Roman Collection. Cartridge. Contains spaced typefaces in 8-, 10-, 12-, 14-point in Roman-8, PC-8, legal, and international symbol sets.	\$79.00
22706T	Helvetica Collection. Cartridge. Contains proportionally spaced 4-, 5-, 6-, 7-, 8-, 10-, 12-, 14-point typefaces in Roman-8, PC-8, legal, and international symbol sets.	79.00
22706W	WordPerfect Cartridge. Includes CG Times, Univers fonts spaced in 6- to 24-point typefaces in the DeskTop symbol set.	140.00
22706B	Prestige Elite Font Cartridge.	79.00
22709A	Mac Font Collection for HP DeskWriter printers. (3.5 in disks)	189.00

NOTE: HP Type Director 2.5 supports all HP DeskJet printers except the HP DeskJet Portable printer (see page 8). All HP LaserJet fonts are compatible with the HP DeskJet 1200C and HP DeskJet 1200C/PS printers (see page 8).

Fonts

Give your documents and spreadsheets a voice that commands attention
 Communicate more effectively with HP DeskJet fonts that come in a wide variety of type sizes and styles. Most cartridges contain bold, italic, and bold italic treatments. Landscape presentation and decorative fonts are available as well.

Language Options

Get HP DeskJet output from your dot-matrix programs

Now, without changing software, print documents on your HP DeskJet printer using the same programs designed for use on dot-matrix printers. Just plug this cartridge into the HP DeskJet printer and you're ready to go — without all the noise.

Part No.	Description	List Price
22707F	Epson FX-80 emulation cartridge. Includes documentation listing supported Epson escape sequences.*	\$79.00
22707P	IBM ProPrinter III emulation cartridge. Includes user manual.*	79.00

*For HP DeskJet Plus, 500, 500C, 550C printers only.

Memory

Enhance the performance and productivity of your printer with an HP RAM Memory Cartridge. Download variable typestyles and fonts faster.

Print documents faster, too. Just insert the cartridge into one of the cartridge slots on your HP DeskJet printer and you're ready to go.

Part No.	Description	List Price
22707B	256 KB memory card for all HP DeskJet printers except HP DeskJet 1200C and HP DeskJet Portable printers.*	\$175.00

*HP DeskJet 2276 users will only be able to access 128 KB of RAM.

The HP DeskJet 1200C printer accepts most HP LaserJet memory SIMMs.

For more information see, page 8.

You bought your HP PaintJet or HP PaintWriter printer because you wanted great color printing. Now, keep it performing brilliantly by using genuine Hewlett-Packard supplies. They're specially engineered to ensure your printer continues to deliver

bold, bright colors, sharp images, and crisp, clear text — year after year.

Together, HP print cartridges and HP JetSeries papers form an integral part of your printing system. Each of these products is designed to precise standards

to ensure optimum print performance from HP PaintJet and HP PaintWriter printers, page after page.

To always look your professional best, use the best. Count on genuine HP supplies and accessories.

*For use only with the HP PaintJet XL300 printer.

HP PaintJet & PaintWriter Printers

Why you should choose HP JetPaper.

Produce the sharpest image.

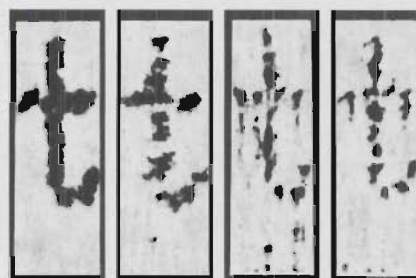

HP JetPaper is specially engineered for printing with HP inkjet print cartridges. When droplets of ink are "fired" from the inkjet cartridge, uniformly laid fibers in the HP JetPaper surface absorb ink evenly in all directions. This facilitates fast ink drying, and prevents smudging, running, and blotting.

Produce cleaner edges.

HP JetPaper features ultrafine, microperforated edges to allow you to cleanly separate each sheet of paper.

Enhance printer reliability.

HP JetPaper significantly reduces the amount of floating paper dust which can clog inkjet cartridges, thereby enhancing printer reliability and helping to maximize the life of your inkjet cartridges.

Accessories

Staying organized is easy

Keep your workspace organized and looking sharp with a wide variety of HP ThinkJet and QuietJet printer accessories. From wire paper catchers and printer stands to plug-in power adapters and battery packs you can rest assured HP accessories are specifically designed to work with your HP printers.

To work their absolute best, ribbons need the right balance of solids (carbon) and liquids (oil). HP ribbons are engineered to optimum carbon/oil ratios so the cartridge friction matches the torque of the printer ribbon motor, preventing jams. The density of the ribbon weave is also matched to the impact of your print head. So you end up with crisp, smooth printing every time.

*No Hot Spots,
Dropouts,
Over-Inking, or
Smearing.*

The HP Ribbon Warranty

Within one year of your purchase, your HP printer ribbon will produce crisp, clear, trouble-free print for the number of characters specified in this catalog, or return it and get a new ribbon, free!

92161E	For 9845 Series desktop computers. High-contrast, page-perforated paper. Six rolls of 8.5 x 11 in paper. Each roll is 200 ft long.	115.00
9270-0640	For 9876A thermal graphics printer. Z-fold black print paper. Four packs with 330 sheets of 8.5 x 11 in paper in each pack.	117.00
9281-0401	For the 9810A, 9820A, and 9821A calculators. Six continuous rolls of 2.25 in x 250 ft paper.	28.00

HP Plotters Supplies and Accessories

Get the Power
to Continually
Perform
Your Best.

You rely on Hewlett-Packard plotters to help create outstanding designs, drawings, and presentations, as do your clients. To ensure your work maintains a professional look and feel, use only genuine HP plotter supplies and accessories.

As an industry leader, HP is committed to developing innovative technologies that give you the power to continually perform your best, with improvements to pen technology and new technology like the HP DesignJet 650C color inkjet plotter.

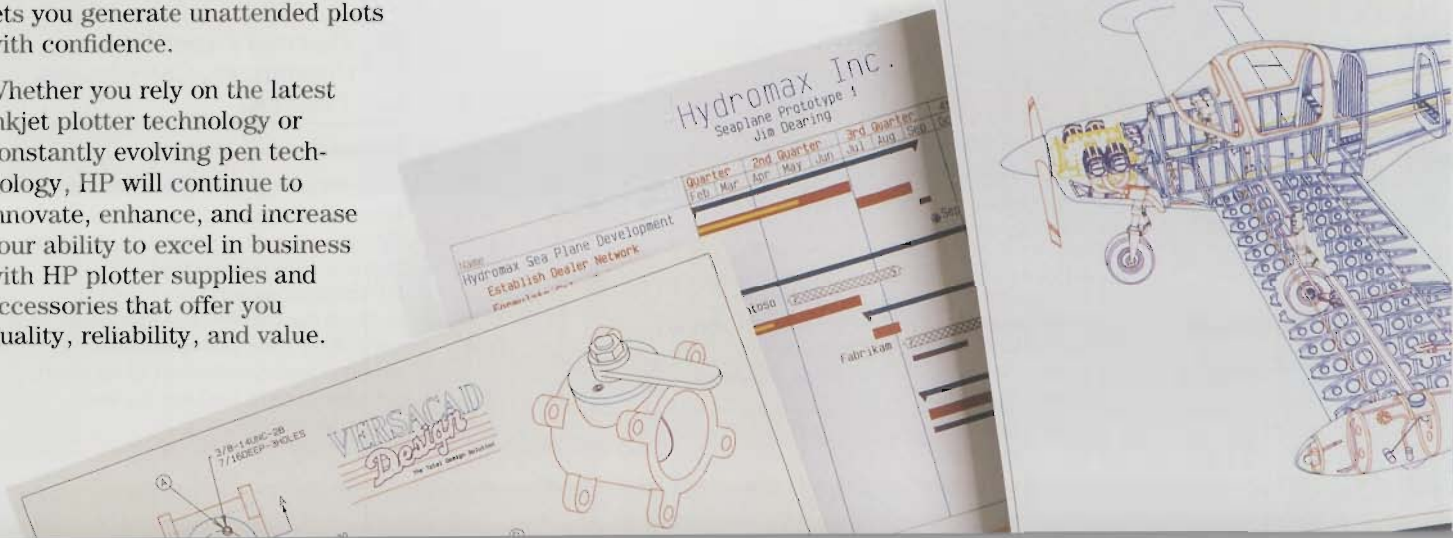

The HP DesignJet 650C color plotting system, together with HP inkjet technology and HP media, provides excellent print quality, reliable operation, and fast performance. Full-color, final-quality E-size drawings take less than nine minutes with the HP DesignJet 650C plotter. With special HP inkjet papers, you're assured of superior plot quality, solid area fills, and fast ink-drying times.

When it comes to pen technology, HP continues to break new ground with HP SurePlot disposable drafting pens. Their consistent, clog- and leak-free performance lets you generate unattended plots with confidence.

Whether you rely on the latest inkjet plotter technology or constantly evolving pen technology, HP will continue to innovate, enhance, and increase your ability to excel in business with HP plotter supplies and accessories that offer you quality, reliability, and value.

HP DesignJet, Pen, & Electrostatic Plotters

Use this chart to determine the correct supplies to help you get the sharpest output from your HP plotter.

1. Find the HP plotter that you use.
2. Select the type of media on which you want to print.

3. Move right, across the page, to the dots located under the HP supplies that work with your HP plotter and media.

HP DesignJet, Pen, & Electrostatic Plotters

* This type of media is available from Hewlett-Packard only in large format sizes.

HP Print Cartridges for HP DesignJet Plotters

Produce consistently sharp lines and clear plots

Achieve fast, vibrant color output and improved black archivability with longer-lasting, high-capacity HP print cartridges — now with a clear casing or visible ink-level indicator. Produce high-quality, complex plots on large-format plotters with a wide range of media, including HP special inkjet papers that help extend color cartridge life.

Part No.	Description	List Price
51626A ●	High-capacity black print cartridge (2 required) for HP DesignJet and DesignJet 600 plotters.	\$31.95
51640A ●	Black print cartridge for HP DesignJet 650C plotters.	29.95
51650C ●	Cyan print cartridge for HP DesignJet 650C plotters.	39.95
51650Y ●	Yellow print cartridge for HP DesignJet 650C plotters.	39.95
51650M ●	Magenta print cartridge for HP DesignJet 650C plotters.	39.95

NOTE: Since non-HP inks can be damaging to HP inkjet plotters, HP does not recommend them. Protect your investment, rely only on HP inks.

HP SurePlot Disposable Drafting Pens

No leaking or clogging to slow you down

HP SurePlot pens, with specially formulated HP inks, provide smooth, controlled inkflow at up to 6 G-force acceleration without leaking. So you get brighter colors and darker, denser blacks. A ceramic tip prevents clogging from paper fibers while an airtight cap prevents drying. Its unibody design with built-in adapter requires no assembly.

*For use with HP film 17700T through 17703T and all HP pen plotters except DraftPro. (Can be used with DraftPro DXL and EXL.)

HP Roller-Ball Pens

Faster, smoother plotting

Fast-printing HP Roller-Ball pens, now with a new nib design, allow ink to flow smoothly and easily onto the page. The results are longer pen-life, cleaner drawings, and uniform line widths, without wasteful skipping. Plot unattended with confidence at a brisk 110 cm/s.

Part No.	Description	List Price
NARROW LINE WIDTH (.30 mm), FOUR-PEN PACKS		
5061-5033	Black	\$15.00
5061-5034	Red	15.00
5061-5035	Green	15.00
5061-5036	Blue	15.00
5061-5037	Multicolor (one each red, blue, green, and black)	15.00

HP Disposable Drafting Pens for Polyester Film

Create sharp, black plots on polyester film with HP disposable pens. Available in four line widths. Requires the use of reusable adapters and pen cap assemblies.

Item/Part No.	Description	List Price		
BLACK, TWO-PEN PACKS. REQUIRE 5061-7578.*				
EXTRA FINE LINE WIDTH (.25 mm)	FINE LINE WIDTH (.35 mm)	MEDIUM LINE WIDTH (.50 mm)	BROAD LINE WIDTH (.70 mm)	
5062-1592	5062-1593	5062-1594	5062-1595	\$24.00

*5061-7578: reusable adapter and pen cap assemblies (4 each), \$8.00.

Pen Plotter Accessories

Increase your performance and reduce clutter in the workplace. Stackable, acrylic HP pen organizers keep your fiber-tip and short body pens neat, organized, and easy to find. The HP plotter stand fits neatly under your plotter and comes with a deep, roomy drawer with foam-lined compartments to hold all your plotter supplies.

Part No.	Description	List Price
Pen Organizers		
92177T	Holds 30 short-body drafting pens. Size: 6 in diameter.	\$43.75
92177U	Holds 30 long-body drafting pens. Size: 6 in diameter.	46.75
92177V	Holds 33 short-body drafting pens. Size: 2.5 in H x 8.25 in L x 3 in W.	34.75
7550 Plus Organizer		
92177Y	Holds plotter on top and supplies inside.	229.00

NOTE: HP DesignJet plotters accept most HP LaserJet memory SIMMs and the HP JetDirect card. To order, refer to page 8.

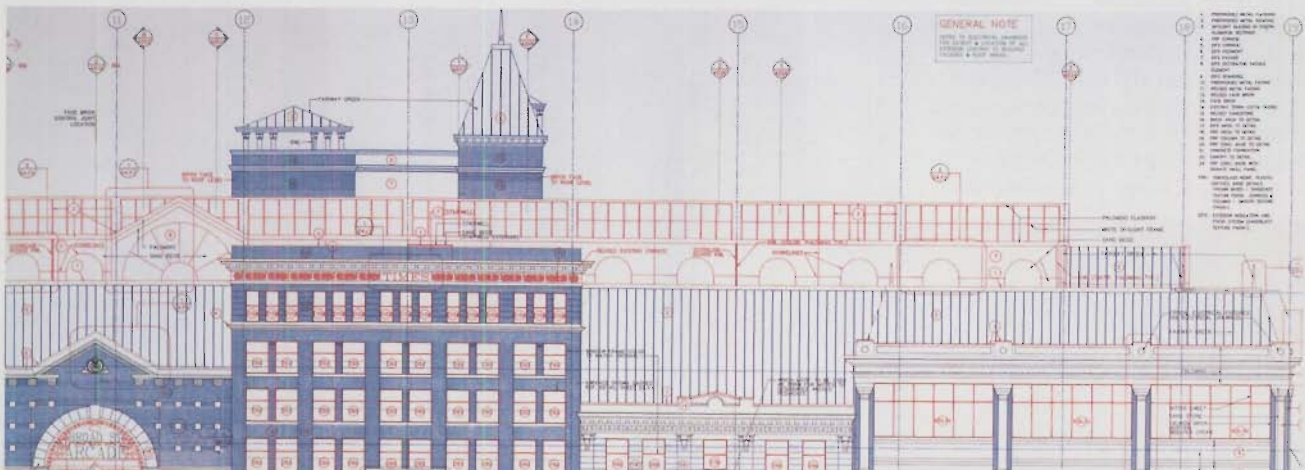

HP Electrostatic Toner Products

Monochrome or color — you get quality plots every time

Produce crisp, clear, smudge-resistant monochromatic and color plots when you use specially formulated HP Electrostatic toners. Toners come pre-mixed in spill-resistant bottles for easy loading, there's no mixing or pouring necessary. And because toner bottles can also double as reservoirs, packaging waste is greatly minimized. HP Electrostatic toners are compatible with all HP 7600 Series media.

Part No.	Description	List Price
Premixed liquid toner, one 5.0 liter (1.3 gallon) bottle		
17242C	 Cyan toner.	\$85.00
17243M	 Magenta toner.	85.00
17244Y	 Yellow toner.	85.00
17278A	 Black toner.	60.00
Clear dispersant, one 5.0 liter (1.3 gallon) bottle		
17279D	Clear solvent used to flush the toner system.	50.00

To keep your output sharp and clear — and your electrostatic plotter clean — flush your toner system every few months with the maximum-cleaning power of HP Clear Dispersant.

HP Special Inkjet Paper

The media required for superior HP DesignJet color

To generate superior color plots on the HP DesignJet 650C plotter, HP Special Inkjet Paper is required. It ensures consistently crisp, color line quality and sharp, 3D solid modeling and color imaging. A special coating enables color inks to dry immediately, making the plot both water- and smudge-resistant. HP Special Inkjet Paper is ideal for preliminary or final color drawings and makes an excellent high-contrast master for reproduction.

Part No.	Size	Quantity	List Price
51630Y	A-size (8.5 x 11 in)	200 sheets	\$20.95

NOTE: This paper is designed specifically for the HP DesignJet 650C plotter. For the highest-quality monochrome printing on DesignJet plotters, standard HP plotter paper is recommended.

HP Inkjet Polyester Film

The highest-quality media for your highest-quality output needs

When quality output is critical, rely on HP's top-of-the-line media to plot distinct continuous lines and achieve even area fills with virtually no beading, bleeding, or feathering. This sturdy, 4-mil media is specially engineered for use with HP DesignJet ink cartridges. It will not crack, peel, or fade with normal use. This inkjet polyester film's excellent dimensional stability makes it the clear choice for final-quality drawings, archival drawings, and diazo reproductions.

Part No.	Description	List Price
51637D*	24 in x 125 ft roll of single-matte inkjet polyester film, 4 mil.	\$254.95
51637E*	36 in x 125 ft roll of single-matte inkjet polyester film, 4 mil.	329.95
51642A**	24 in x 125 ft roll of single-matte inkjet polyester film.	254.95
51642B**	36 in x 125 ft roll of single-matte inkjet polyester film.	329.95

*For use with HP DesignJet and DesignJet 600 plotters only. **For use with HP DesignJet 650C plotter only.
NOTE: Not designed for use with HP pen plotters. For small format color output use CX JetSeries CutSheet Paper. For monochrome output, the HP DesignJet 650C plotter can also take advantage of HP bond paper, translucent, and vellum.

HP Plotter Paper

Affordable, quality paper that meets your everyday needs

HP plotter paper delivers clear line definition and minimizes skipping, bleeding, and feathering. This is the result of strict HP specifications that require HP paper to be an opaque medium with the correct mixture of wood pulp and rag fibers.

Inexpensive and easy to handle, it's perfect for everyday use with HP paper pens, roller-ball pens, disposable drafting pens, and HP DesignJet monochrome plots.

In an effort to help reduce environmental waste, all HP non-glossy plotter paper is completely recyclable.

HP DesignJet, Pen, & Electrostatic Plotters

Part No.	Description	List Price
17700T	A-size. 50 sheets.	\$55.00
17700Z	A-size carton. 20 packages with 50 sheets.	1,042.00

HP Vellum

Choose it first for output that lasts

HP vellum provides enhanced smoothness, excellent line quality and longer pen life. A low-cost alternative to polyester film, it stands up to repeated handling. The smart choice for your final-quality, diazo-reproducible needs and HP DesignJet monochrome plots.

HP Matte Polyester Film

Our highest-quality media for HP pen plotters

The superior choice for archival storage is HP matte polyester film. Its dimensional stability affords you the highest degree of accuracy with virtually no beading, bleeding, or feathering. HP matte polyester film won't crack, peel, or fade with normal use.

Part No.	Description	List Price

Your Data.*

HP Data Storage Supplies and Accessories

Protect the integrity of the data so vital to your business. Store it with confidence on the highest-quality high-capacity media available — Hewlett-Packard tape cartridges and disks.

Leading-edge HP data storage technology is derived from the same discipline that ensures precision-engineering in every piece of HP hardware. HP tape cartridges and disks are designed to exacting standards to operate at optimum performance levels in HP computers and drives. Their guaranteed quality and reliability result from extensive testing, enabling them to effectively meet your most demanding, high-capacity storage needs at an unprecedented level of affordability.

Trust the integrity of your data to the company who designs the highest-quality data storage devices in the industry — Hewlett-Packard.

HP Data Storage
Products

Optical Disks

Now with a 30-year, 100-percent defect-free warranty

Enhancing the reliability, performance, and longevity of your HP optical drive is easy when you choose the disk developed with your drive in mind. HP optical disks are your assurance of disk-to-drive compatibility — the key to secure protection of your

valuable data — and cost only a fraction of what adding hard disk storage costs. Each disk is surrounded by a sturdy, polycarbonate casing to reduce static buildup and the attraction of particles.

Part No.	Description	List Price
92279A	Rewritable disk, 512 bytes per sector.	\$159.00
92280A	Rewritable disk, 1024 bytes per sector.	159.00

92192N	Microfloppy disks. Double-sided, auto-shutter, 3.5 in disks (710 KB formatted capacity). Box of ten. Order 92192R if disk labels are required.	167.00
92192X	High-density microfloppy disks. Double-sided, auto-shutter disks (1.44 MB formatted capacity). Box of ten. For use with 1.44 MB disk drives only.	42.00

Tape Cartridge and DDS Cartridge Accessories

Protect your HP tape and DDS cartridges in specially designed storage trays.

Keep your DDS media dust- and error-free with HP DDS cleaning cartridges.

Part No.	Description	List Price
92167F	Data cartridge storage tray for mini-data cartridges, 98200A, 92192T, and 92192U. Includes security lock. Holds 18 cartridges.	\$45.00
92192Q	Data cartridge storage tray for mini-data cartridges, 98200A, 92192T, and 92192U. Includes security lock. Holds 18 cartridges.	45.00
92283K	DDS cleaning cassettes for all DDS drives. Box of two.	26.00
92283L	DDS cassettes storage box. Includes security lock and file hanger adapter. Holds 12 cassettes.	39.00

*HP is the
Co-Inventor
and Leading
Manufacturer
of the DDS
System.*

DDS Cartridges

If you depend on the integrity of your data, ensure its security by storing it on HP DDS cartridges. Ideal for all your high-capacity storage needs, these DDS (Digital Data Storage) cartridges are HP-engineered to the exacting standards required for DDS-format tapes and checked for full DDS tape drive compatibility. Now you can affordably compress and store up to 10 GB of data trouble-free (2 GB without compression), and do it with the greatest of confidence.

HP DDS cartridges offer you an extra measure of security with the **Media Recognition System**. This enables drives to differentiate between DDS and DAT (Digital Audio Tape), so you're protected from writing valuable DDS data to DAT media. The cartridges are also 100-percent

backward compatible, allowing you to write data from DAT onto DDS cartridges. Count on them for at least 2,000 passes, or 100 full backups, with no detrimental effects.

HP DDS cartridges, with HP's exclusive "hub-lock" design, eliminates tape jams by maintaining optimum tape tension. The cartridge shells are designed to

allow the tape to handle multiple repositioning and eliminate tape misloading. A built-in anti-static agent prevents static buildup.

Protect the integrity of the data that drives your business with the highest-quality media available. DDS cartridges from HP, the leader in data storage technology.

Part No.	Description	List Price
92283A	60 M (1.3 GB) capacity. For all DDS tape drives. Box of five.	\$75.00
92283B	90 M (2.0 GB) capacity. For HP half-height DDS tape drives. Box of five.	95.00

Tape Cartridges

Formatted and certified for dependable backups time after time

When you want certified reliability, select HP tape cartridges. Engineered for compatibility with HP drives, these high-density data cartridges improve backup speed, increase drivehead life, and stay cleaner because their carbon backcoated for the length of the tape. All cartridges are fully formatted, HP certified for reliability, and ready to use right from the package.

92219J	RS-232C printer cable, connects IBM PC, PC/XT, PC/AT, Compaq, and AT&T PC 63W to all HP LaserJet printers.	5.0 m (16.7 ft)	61.00
17355M	RS-232C printer cable, connects Apple IIe to all HP LaserJet printers.	3.0 m (9.9 ft)	66.00
92215S	Serial printer cable, connects Apple Macintosh computers, including Macintosh Plus, SE, SE/30, Portable, II, IIci, IIx, and IIcx computers to HP LaserJet IID, IIP, IIP plus, III, IIID, and IIIP printers.	2.0 m (6.6 ft)	22.00
92215N	Network cable kit for HP-to-LocalTalk or -PhoneNET LANs. Connects Apple Macintosh Plus, SE, SE/30, Portable, II, IIci, IIcx, and IIfx computers to HP LaserJet IID, IIP, IIP plus, III, IIID, IIIP, and IIISi printers for printer sharing on the LAN.	1.0 m (3.3 ft)	42.95
C3061A	Parallel I/O cable for the HP DeskJet Portable.	1.0 m (3.3 ft)	19.00
Plotter Cables			
C2914A	Serial plotter cable.	1.2 m (3.9 ft)	18.00
17255F	RS-232 cable, connects 7550A plotter to PCs.	1.2 m (3.9 ft)	44.00
24542G	RS-232 cable for HP 7440A Opt. 001, 7470A Opt. 001, 7475A Opt. 001, DraftPro, and 758X plotters.	3.0 m (9.9 ft)	45.00
24542H	RS-232C interface cable for 7510A or 7550A plotters.	3.0 m (9.9 ft)	45.00

HP Print Cartridge for HP FAX-200, FAX-300, and FAX-310 Plain-Paper Fax

Receive facsimiles with crisp, clear text and razor-sharp graphics when you use an HP print cartridge — the very same long-lasting cartridge your HP DeskJet printer uses to print attention-getting documents. The HP print cartridge is designed to trigger a sensor within the HP FAX when it runs out of ink. The HP FAX then automatically stops printing until you change cartridges.

Part No.	Description	List Price
51626A	High-capacity print cartridge. Prints approximately 1,000 high-quality pages.	\$31.95
Hewlett-Packard cannot be responsible for substandard print quality or damage to your fax machine from used cartridges that have been refilled.

For Performance As Brilliant As Your Ideas, The Choice Is Clear.

Genuine HP supplies and accessories.

The reason you turned to industry-leading Hewlett-Packard products is brilliantly clear — no other company offers you HP quality, performance, and reliability.

That same truth applies to every Hewlett-Packard supply and accessory. Each is an integral part of the original HP product design and is engineered to exacting specifications.

To always achieve brilliant performance from your Hewlett-Packard printers, plotters, and data storage devices, the choice is perfectly clear. Only the best will do. Demand genuine HP supplies and accessories.
